Tool Search: ALPS

Alternative Learning Programs Support and Schools (ALPS) are safe orderly, caring and inviting learning environments that assist students with overcoming challenges that may place them at risk of academic failure. The goal of each program and school is to provide a rigorous education while developing individual student strengths, talents, and interests.

**Read** - Access and view the student's ALPS record.

Write - Modify the existing ALPS record.

Add - Add a new ALPS record.

Delete - Permanently remove a student's ALPS record.

For more information about Tool Rights and how they function, see the Tool Rights article.

Users may create as many ALPS records for a student as needed. However, record dates may NOT overlap. In order to create a new record, users must end date the current record.

Use the Federal/State Program Updater tool to import ALPS to this tool.

## **State Definitions of ALPS**

An alternative learning program is defined as a school or program that serves students at any level, serves suspended or expelled students, serves students whose learning styles are better served in an alternative program, or provides individualized programs outside of a standard classroom setting in a caring atmosphere in which students learn the skills necessary to redirect their lives. ALPS are limited to programs that also meet the following criteria:

- Provide the primary instruction for selected at-risk students outside the standard classroom;
- Enroll students for a designated period of time (not drop-in);
- Offer course credit or grade level promotion credit in core academic areas; and/or
- Assist the student in meeting requirements for graduation.

See the North Carolina Department of Education website for additional information.

### Add an ALPS Record

- 1. Click New. The ALPS Detail displays.
- 2. Add the **Start Date** for the record.
- 3. Select the Entry Reason.
- 4. Click Save.

When the student has stopped receiving services for the particular program, edit the record and add an **End Date**. Then save. That record has now ended and a new record, when necessary, can be added.

Click the **Print Summary Report** button to display a PDF report of the student's ALPS records.
