The FERPA (Family Educational Rights and Privacy Act) gives parents/guardians certain rights regarding their children's education records. For more information, visit the <u>US Department of Education</u> website.

This information is current as of the Campus.2543 (October 2025) release.

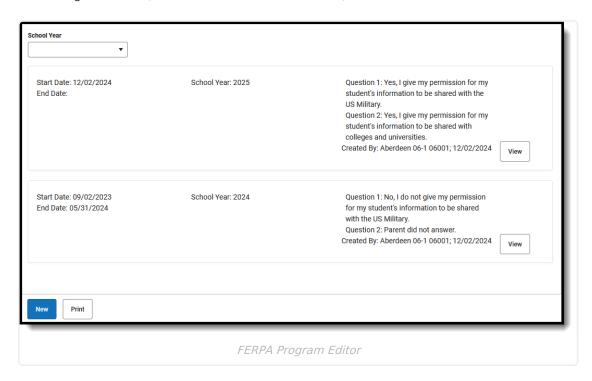

Use the Federal/State Program Updater tool to import FERPA records to this tool.

This tool is available in both State and District Editions.

The main view of the FERPA record is the Program Editor, which lists all FERPA records in chronological order (most recent record listed first) that have been recorded for the student.

Click **View** to view the **Program Detail** for the selected record and see details about that record, and modify it as needed.

### Add a FERPA Record

- 1. Click **New** in the action bar across the bottom. The Program Information editor displays.
- 2. Enter a **Start Date** for when the parent/guardian provided answers to the FERPA waiver.
- 3. Select the **School Year** to which this record applies.
- 4. Select the appropriate answers for **Questions 1 and 2**.
- 5. Enter any **Comments** related to this record.
- 6. Click Save when finished. The new record is listed below the School Year field.

To change the FERPA record, select the record by clicking **View**. Make any necessary changes and click **Save** when finished.

information for the new record.

#### **End a FERPA Record**

- 1. Click **View** top open an existing FERPA record. The Program Information editor displays.
