The Oklahoma Special Education State Reporting allows users to store and manage student Special Education state reporting data. This tool removes the legal burden of having a Special Education team meeting for an amendment to the setting for age-based changes such as an early childhood student aging out.

See the core [Special Education State Reporting](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding records.

The screenshot shows the 'State Reporting Editor' interface. At the top, there is a user profile for 'Gabriel H' with a '504' icon. The breadcrumb trail is 'Student Information > Special Ed > State Reporting Editor'. Below the header, there are fields for 'Student #', 'Grade: 11', and 'DOB'. A 'Related Tools' dropdown is visible on the right. The main content area is titled 'State Reporting Editor' and contains a table with two columns: 'Start Date' and 'End Date'. The 'Start Date' field contains '01/01/2024' and the 'End Date' field contains '06/03/2024'.

Start Date	End Date
