Transcripts (North Carolina)

Last Modified on 09/21/2026 9:50 am CDT

Path: Student Information > General > Transcripts

A transcript is a historical record of a student's performance in a course. Each district records grading information that students receive on transcripts and report cards. Grading information is linked to a student's course schedule.

The North Carolina Official Transcript report contains the elements required by the state of North Carolina.

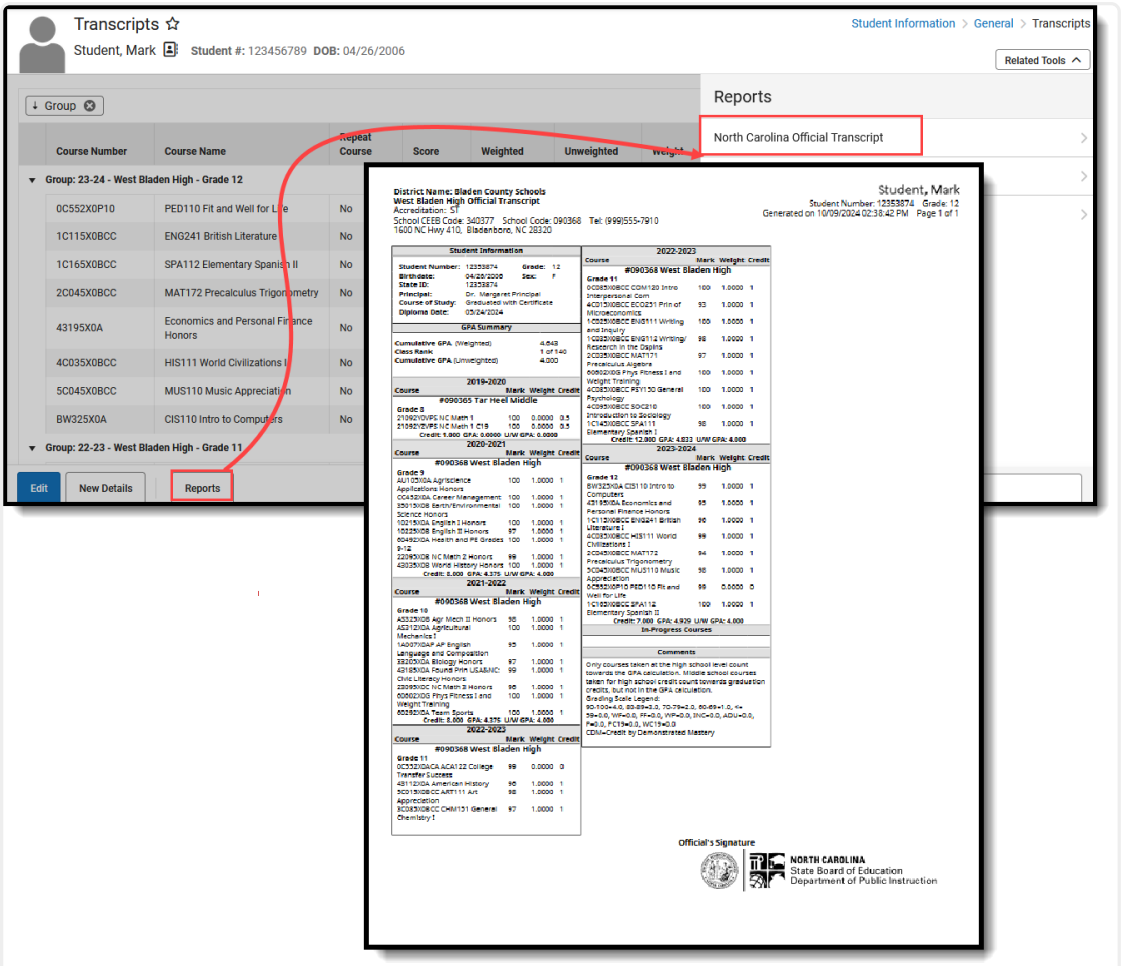

Transcript reports

The North Carolina Official Transcript can be printed in PDF format from the following areas in Campus.

- From the student's Transcript tool. Click the **Reports** button on the main view of the Transcript tool to print the student's transcript. This opens a side panel with all available Transcript Reports.
- From the Transcript Batch Report.

A System Preference exists that controls the display of the Campus-provided Default Transcript. For North Carolina, the **Enable Default Transcript** System Preference is set to NO so the North Carolina Official Transcript displays instead.

The North Carolina Official Transcripts print in PDF format and include an official state seal/logo. Any printed transcript without the logo is considered an unofficial transcript.

Student Transcript - North Carolina Official Transcript

The student's legal name and birth sex are printed on the transcript.

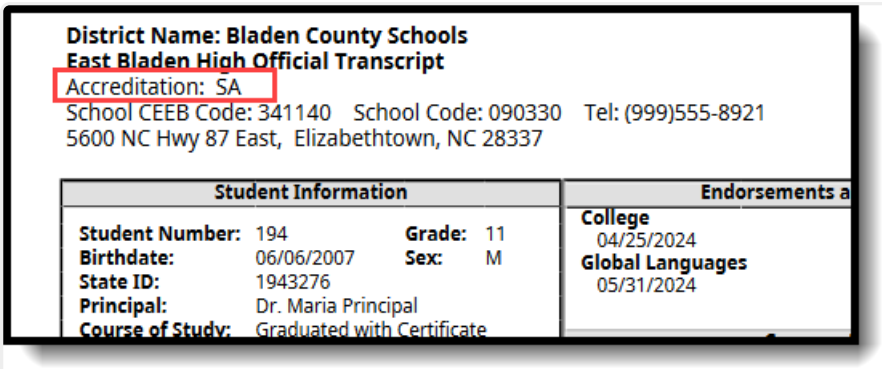

A transcript is printed for each of the student's households with a guardian where the Mailing checkbox is marked. Only one transcript prints if all of the student's guardians are in the same household. If guardians are in more than one household, the number of households in which the guardians reside determines how many transcripts are printed.

Transcript details

The North Carolina Official Transcript has the following elements.

Accreditation

Lists the Accreditation Status of the school. This is entered on the School Information editor and prints the Accreditation code.

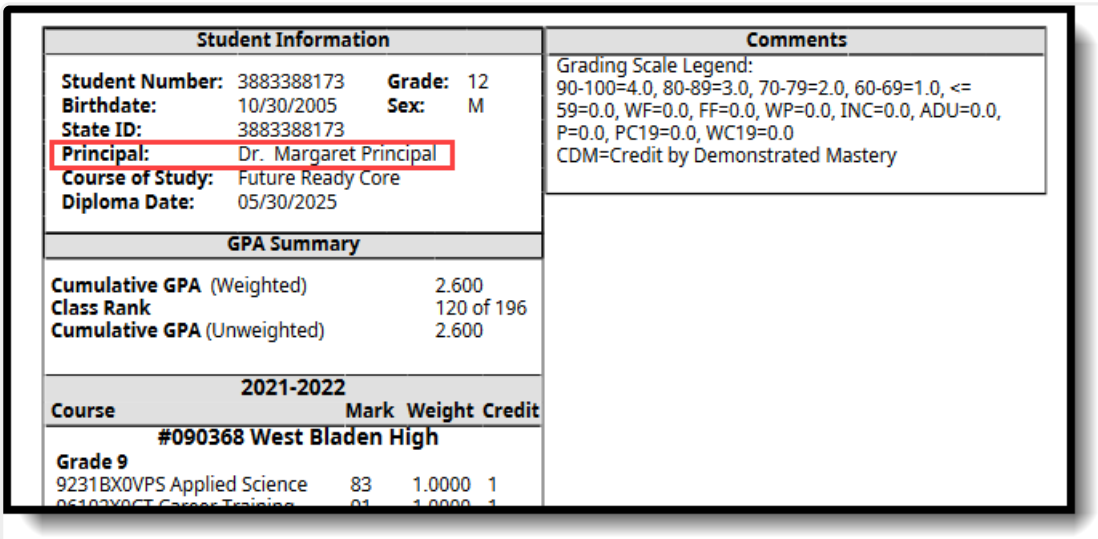

Student Transcript - Accreditation Display

Student Information

In addition to student identification information like Student Number, BIrthdate, State ID, etc., the following data prints in the Student Information section.

Principal Name

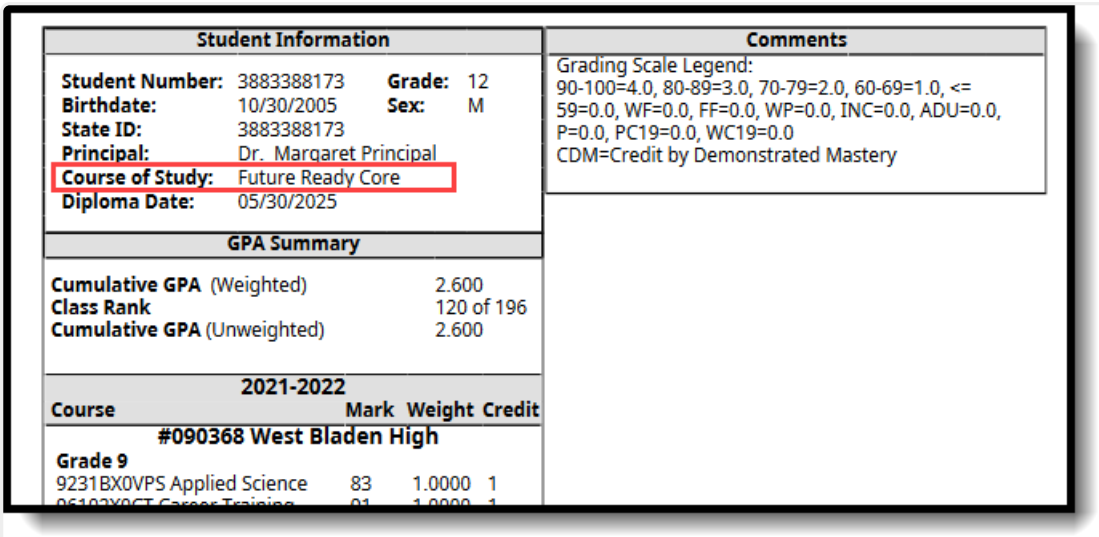

The name of the principal where the student is currently enrolled displays. This is entered on the School Information editor.

Student Transcript - Principal Name

Course of Study

When populated, the **Diploma Type** entered on the student's Graduation record reports, either as FRC: Future Ready Core or GWC: Graduated with Certificate.

Student Transcript - Course of Study

Graduation Year

The student's graduation year is based on the value entered in the Date First Entered the 9th Grade field on the student's graduation record. This field automatically calculates the student's graduation year to be four years after this date.

- For grades 9-11, Expected Graduation Year continues to show as their cohort year.
- For grades 12-13, Expected Graduation Date lists the last instructional day of the current school year.

When a diploma date is not entered in the student's graduation record, the expected graduation year prints.

Student Transcript - Diploma Date

GPA Summary

The GPA Summary section lists the student's **Cumulative GPA (Weighted)**, **Class Ran**k, and **Cumulative GPA (Unweighted)**.

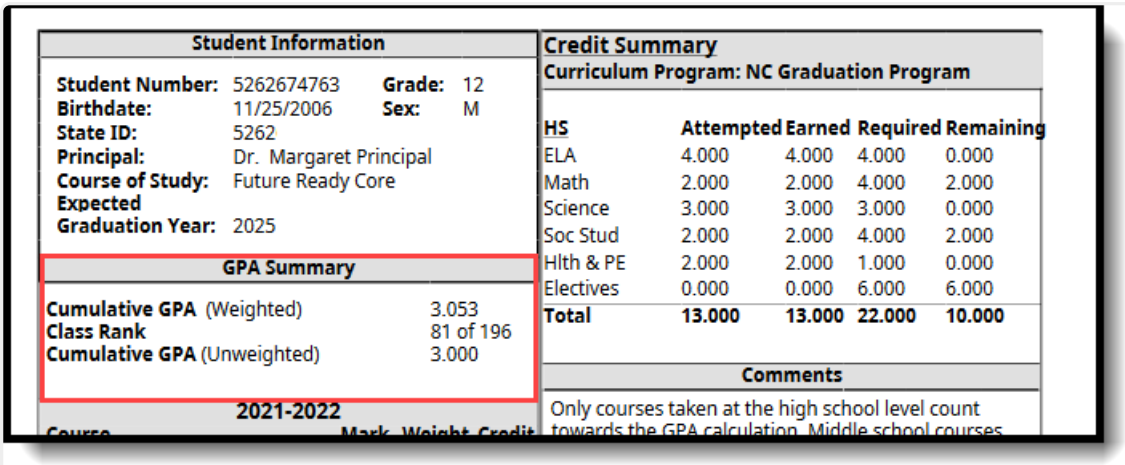

The Cumulative GPA values are calculated using all courses from grades 9-12 with a High School credit. Courses with a High School credit taken in grade 8 are not included in the GPA.

See the GPA Calculations in Campus article for more information.

Class Rank

Class Rank is a mathematical summary of a student's academic record compared to other students in the class. Class Rank is calculated using the Weighted GPA value.

North Carolina requires GPAs to have three decimal places. The System Preference that enforces this, Number of Significant GPA Decimal Places, has been locked for North Carolina.

Student Transcript - School Comments

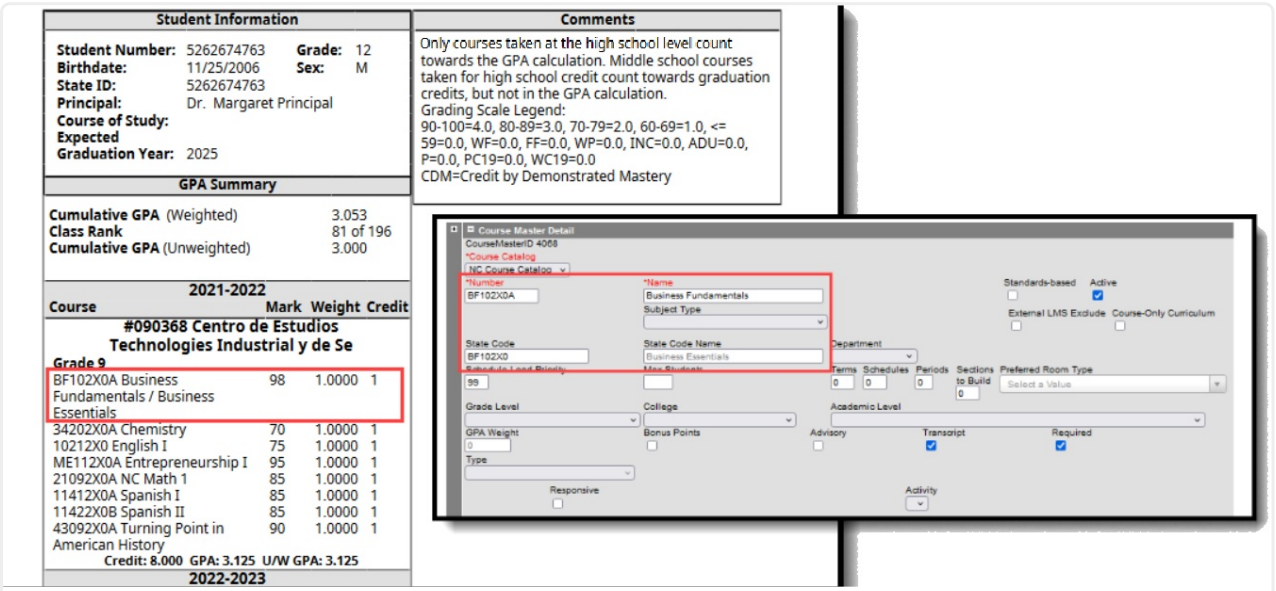

Course display

Transcript scores from courses taken in grades 8-12 that have earned credits from the Credit Group called "HS" report for the school and year in which they were taken. The earliest year of

course data prints first.

The State Code, State Code Name, and Local Course Name (when Local Course Name is different from the State Code Name prints. Each district can change the name of the course for their school, but the State Code and State Name still remain.

- When viewing the course detail on a student's Transcript tool, State Code and State Code Name are read-only for records posted to the Transcript using the Transcript Post Wizard and for previously saved records.
- When manually adding new or modifying existing Transcript records, the State Code and State Code Name fields are populated once a Course Number/Name are entered. When the record is saved, those fields become read-only.

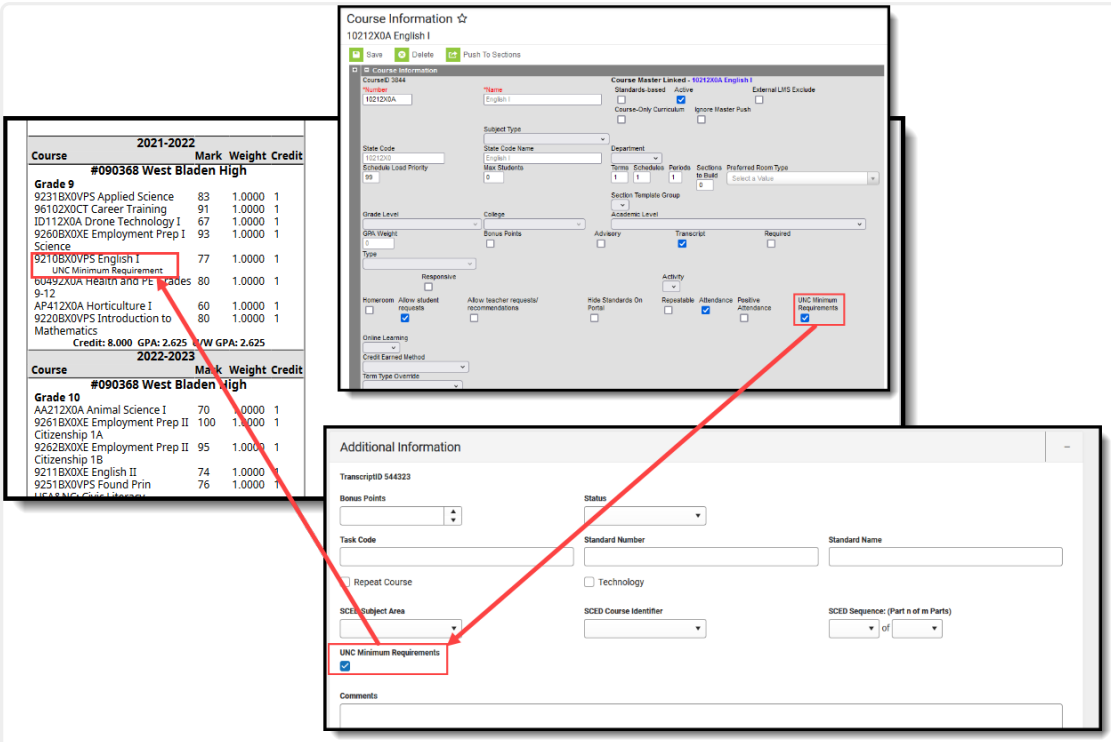

Student Transcript - Local Course Name, State Course Name Display

UNC Minimum Requirements

When a course meets the minimum requirements for admission to UNC, the course prints on the student transcript with a label below that course name indicating such. **This only displays when the UNC Minimum Requirements checkbox is marked on the Student Transcripts tool.**

The **UNC Minimum Requirements** field is marked on the Course Information/Course Master Information editor first. Then, when the student's score is posted to the transcript, that course record displays with the UNC Minimum Requirements checkbox marked and cannot be modified; it can be modified when the transcript record is manually added.

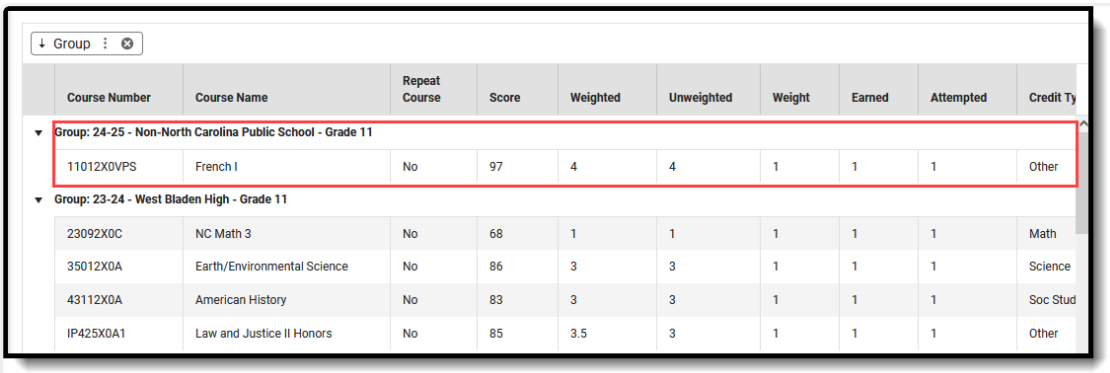

UNC Minimum Requirements on Course, Transcript Record and NC Official Transcript

Transfer courses

Courses taken before the student enrolled in a North Carolina Public School are identified as Transfer Courses and indicate that they were completed outside of North Carolina.

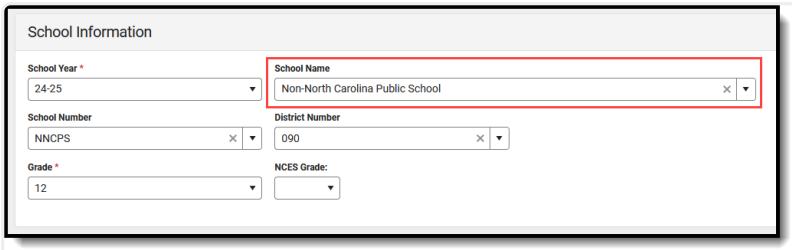

Transfer course records have a School Name of **Non-North Carolina Public School** AND be marked as **Transfer Course.** These courses are listed on the Student Transcript tool in year order.

Transcript Record - Transfer Course Display

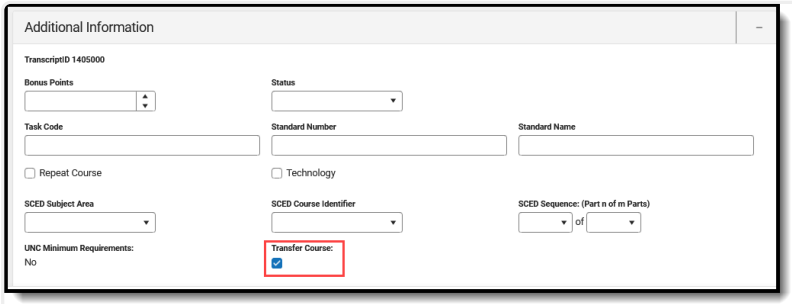

When a student transfers into a North Carolina public school, manually enter their previous courses on the Transcript, so they print on the NC Official Transcript.

1. On the **School Information** card, select **Non-North Carolina Public School** for the **School Name.**

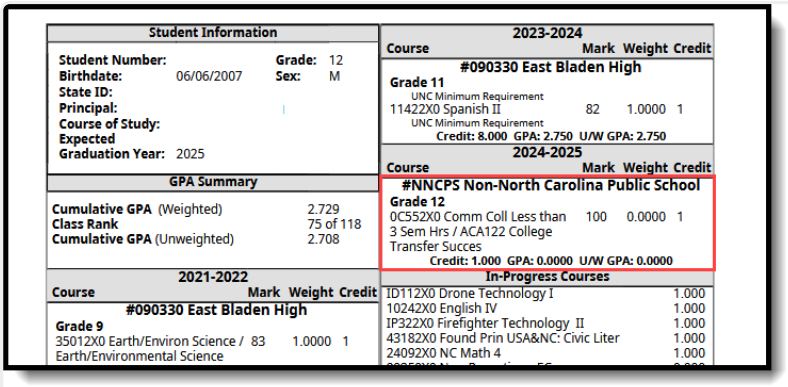

School Name - Non-North Carolina Public School

2. On the **Additional Information** card, mark the **Transfer Course** checkbox.

Additional Information - Transfer Course

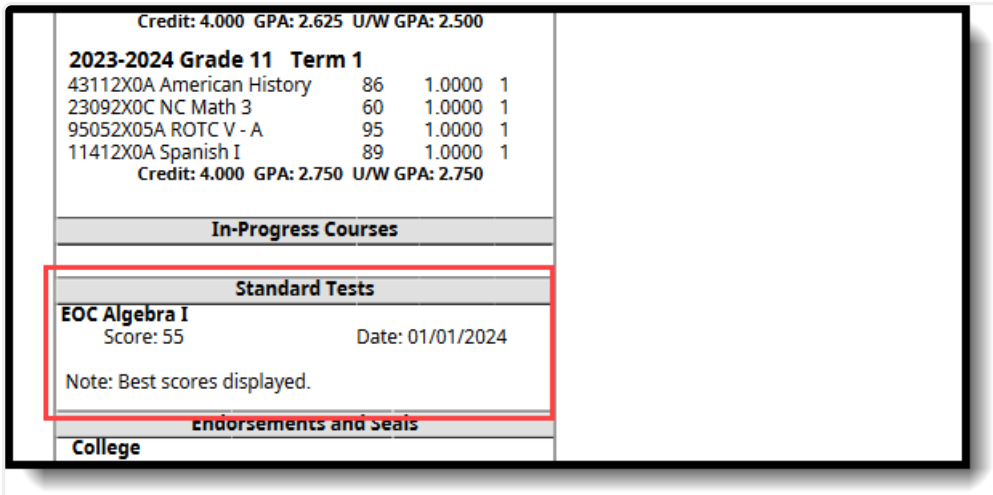

On the NC Official Transcript Report, the transfer course information is displayed along with the other courses.

Transcript Report - Non-North Carolina Public Schools

Standard Tests

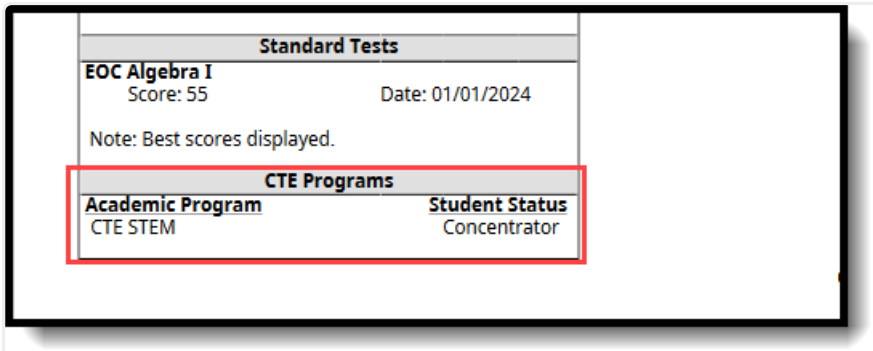

The Transcript displays the best score the student received for the EOC and CPR tests, as long as they are marked to display on the Transcript. This is done in the Assessment Center.

Student Transcript - Standard Tests

CTE Programs

When the student is assigned a CTE Academic Program and their Student Status is 2: Concentrator, the CTE Programs section prints on the Transcript. Students may be assigned multiple CTE Programs. All assigned programs print, as long as the Student Status is set to Concentrator.

Student Transcript - CTE Programs
