

# Transcripts (North Carolina)

Last Modified on 10/21/2024 8:21 am CDT

[Transcript Reports](#) | [Transcript Details](#)

Tool Search: Transcripts

A transcript is a historical record of a student's performance in a course. Each district records grading information that students receive on transcripts and report cards. Grading information is connected to the course schedule of a student.

**The North Carolina Official Transcript report contains the elements required by the state of North Carolina.**

## Transcript Reports

The North Carolina Official Transcript can be printed in PDF format from the following areas in Campus.

- From the student's [Transcript](#) tool. Click the **Reports** button on the main view of the Transcript tool to print the student's transcript. This opens a side panel with all available Transcript Reports.
- From the [Transcript Batch Report](#).

A [System Preference](#) exists that controls the display of the Campus-provided Default Transcript. For North Carolina, the **Enable Default Transcript** System Preference is set to NO so the North Carolina Official Transcript displays instead.

The North Carolina Official Transcripts print in PDF format and include an official state seal/logo. Any printed transcript without the logo is considered an unofficial transcript.

## Student Information

In addition to student identification information like Student Number, Birthdate, State ID, etc., the following data prints in the Student Information section.

### Principal Name

The name of the principal where the student is currently enrolled displays. This is entered on the [School Information](#) editor.

## Graduation Year

The student's graduation year prints, based on the values entered on the student's Graduation record.

- When a diploma date is not entered into the student's graduation record, the expected graduation year prints. This mostly applies to students in grades 9-11.

Student Transcript - Diploma Date

## GPA Summary

The GPA Summary section lists the student's **Cumulative GPA (Weighted)**, **Class Rank**, and **Cumulative GPA (Unweighted)**.

The Cumulative GPA values are calculated using all courses from grades 9-12 with a High School credit. Courses with a High School credit taken in grade 8 are not included in the GPA.

See the [GPA Calculations in Campus](#) article for more information.

## Class Rank

Class Rank is a mathematical summary of a student's academic record compared to other students in the class. Class Rank is calculated using the Weighted GPA value.

North Carolina requires GPAs to have three decimal places. The System Preference that enforces this, Number of Significant GPA Decimal Places, has been locked for North Carolina.

Student Transcript - School Comments

## Course Display

Transcript scores from courses taken in grades 8-12 that have earned credits from the Credit Group called "HS" report for the school and year in which they were taken. The earliest year of

course data prints first.

The State Code, State Code Name, and Local Course Name (when Local Course Name is different from the State Code Name prints. Each district can change the name of the course for their school, but the State Code and State Name still remain.

- When viewing the course detail on a student's Transcript tool, State Code and State Code Name are read-only for records posted to the Transcript using the Transcript Post Wizard and for previously saved records.
- When manually adding new or modifying existing Transcript records, the State Code and State Code Name fields are populated once a Course Number/Name are entered. When the record is saved, those fields become read-only.

The screenshot displays two overlapping windows from the Infinite Campus system. The background window is the 'Student Transcript' for a student with ID 5262674763, Grade 12, and Principal Dr. Margaret Principal. It shows a GPA Summary (Cumulative GPA: 3.053, Class Rank: 81 of 196) and a list of courses for the 2021-2022 school year. The foreground window is the 'Course Master Detail' for course BF102X0A, 'Business Fundamentals'. This window shows fields for Course Number, Name, State Code, State Code Name, Department, Grade Level, and various checkboxes for Standards-based, Active, External LMS Exclude, and Course-Only Curriculum. The 'UNC Minimum Requirements' checkbox is highlighted with a red box.

*Student Transcript - Local Course Name, State Course Name Display*

## UNC Minimum Requirements

When a course meets the minimum requirements for admission to UNC, the course prints on the student transcript with a label below that course name indicating such. **This only displays when the UNC Minimum Requirements checkbox is marked on the Student Transcripts tool.**

The **UNC Minimum Requirements** field is marked on the Course Information/Course Master Information editor first. Then, when the student's score is posted to the transcript, that course record displays with the UNC Minimum Requirements checkbox marked and cannot be modified; it can be modified when the transcript record is manually added.

The screenshot displays the 'Course Information' and 'Additional Information' sections of the Infinite Campus interface. In the 'Course Information' section, the 'UNC Minimum Requirements' checkbox is checked. In the 'Additional Information' section, the 'UNC Minimum Requirements' checkbox is also checked. Red arrows point from these checkboxes to the 'UNC Minimum Requirements' checkbox in the 'Transcript Record' section.
