

Transcripts (North Carolina)

Last Modified on 07/03/2024 11:07 am CDT

[UNC Minimum Requirements](#) | [Transcript Reports](#) | [Report Options](#) |

Tool Search: Transcripts

A transcript is a historical record of a student's performance in a course. The information listed on the transcript can vary from district to district depending on district preferences. Each district records grading information that students receive on transcripts and report cards. Grading information is connected to the course schedule of a student.

Additional Information fields provide further details on the transcript entry, and includes localized fields (used for state reports) and district-defined fields (created by the district) This section is collapsible or expandable by clicking the minus/plus sign on the right-hand side.

See the core [Transcripts](#) article for information on necessary tool rights, available Ad hoc fields, and general Transcript processes.

Transcript fields that are specific to the state of North Carolina are described below. For all other inquiries, please visit the [Student Transcripts](#) article.

The screenshot shows the 'Additional Information' editor for a student transcript. The student's name is Jared, with ID 123456, in grade 11, born 06/06/2007. The transcript ID is 496384. The form contains several localized fields: Bonus Points (a spinner), Status (a dropdown menu set to 'R'), Task Code, Standard Number, Standard Name, Repeat Course (checkbox), Technology (checkbox), SCED Subject Area (dropdown), SCED Course Identifier (dropdown), and SCED Sequence (Part n of m Parts) (two dropdowns). A red box highlights the 'UNC Minimum Requirements' checkbox, which is checked. There is also a 'Comments' text area at the bottom.

Student Transcript - Additional Information Editor listing localized fields

UNC Minimum Requirements

Indicates the course is part of the minimum requirements for admission to UNC.

The Course Information (and Course Master Information) tools include this field. When it is marked

there and the scores from that course post to the transcript, this checkbox is marked on the Transcript. When the Transcript record is manually created, this field can be marked and saved.

▶ [Click here to expand...](#)

Transcript Reports

Click the **Reports** button on the main screen to print the student's transcript. This opens a side panel with all available Transcript Reports. The North Carolina Official Transcript report contains the elements required by the state of North Carolina. Create other transcript reports in [Report Setup](#).

Choosing any report from the side panel opens in a new browser window. Reports generate in PDF format.

A [System Preference](#) exists that controls the display of the Campus-provided Default Transcript. For North Carolina, the **Enable Default Transcript** System Preference is set to NO so the North Carolina Official Transcript displays instead.

The screenshot shows the 'Reports' dropdown menu with 'North Carolina Official Transcript' selected. Below it is a preview of the transcript report for Student Jared.

Student Transcript Reports

All transcript courses are displayed on the printed transcript regardless of how a student is scored and what transcript preference options were selected for credits and standards. This selection affects the credit/standard groups displayed in the Credit Summary and Standards Summary.

Note that In-Progress grades and planned courses are not counted in the Credit Summary.

A transcript is printed for each of the student's households with a guardian where the Mailing

checkbox is marked. Only one transcript prints if all of the student's guardians are in the same household. If guardians are in more than one household, the number of households in which the guardians reside determines how many transcripts are printed.

The following report settings have been modified for the North Carolina Official Transcript.

Report Options

The following sections describe the Report Preferences that have been modified for the North Carolina Official Transcript. See the [Transcript](#) article for more information on how data populates a printed transcript repo and see the [Transcript Report Preferences](#) article for non-localized report options.

Option	Description
<p>Expected Graduation Year</p>	<p>When selected, prints the student's expected graduation year when a Diploma Date is not entered on the student's Graduation record. This mostly applies to students in grades 9-11.</p> <p>The Date First Entered the 9th Grade value (from the Graduation record) plus four years displays. That value can be modified to indicate a different year than originally expected based on the 9th grade entry date.</p> <p>When both the Diploma Date and Expected Graduation Year options are selected, the Diploma Date displays preferentially. That means that when a student has both a Diploma Date and a cohortYearNGA value, only the Diploma Date displays (this would generally be 12th graders).</p> <p>The Expected Graduation Year prints in place of the Diploma Date when both are selected and the student does not have a Diploma Date.</p> <div data-bbox="405 846 1190 1151" style="border: 1px solid black; padding: 5px;"> <p style="font-size: small;">School CEEB Code: 341140 School Code: 090330 Tel: (999)555-8921 5600 NC Hwy 87 East, Elizabethtown, NC 28337</p> <p style="text-align: right;">Student #: 194 State ID: Principal: Dr. Maria Principal Expected Graduation Year: 2025 Course of Study: Graduated with Certificate Current Grade: 11 Birthdate: 06/06/2007 Gender: M</p> <hr/> <p style="text-align: center; font-size: x-small;">Comments</p> <p style="font-size: x-small;">All courses taken at the middle school for high school requirement(s) do not calculate in the GPA.
