

FERPA (Montana)

Last Modified on 10/21/2024 8:21 am CDT

Tool Search: FERPA

FERPA (Family Educational Rights and Privacy Act) gives parents/guardians certain rights with respect to their children's education records. The FERPA Program tool documents student participation in the FERPA program.

The FERPA tool is not customized for Montana. For information, refer to the core FERPA (Family Educational Rights and Privacy Act) article.
