The following corrections are included in Rx Packs for July 2024. Rx Packs contain a small number of critical cases to fix urgent issues, with delivery in an immediate time frame (e.g., the fix cannot wait for the next four week Release Pack).

It is recommended that customers apply all subsequent Release Packs immediately following Rx Packs. Doing so will benefit both customers and Infinite Campus when it comes to supporting the patch.

Rx Packs are cumulative; each Rx pack will automatically include all previous Rx packs within that release. These cases will also be included in the Campus.2431 pack unless otherwise noted. Rx Packs may occasionally skip a release number for Rx builds that were not made generally available.

Below is a list of all Rx Packs for Campus.2427 and the date of availability:

- Rx Pack Campus.2427.10 - July 19, 2024
- Rx Pack Campus.2427.9 - July 17, 2024
- Rx Pack Campus.2427.8 - July 15, 2024
- Rx Pack Campus.2427.7 - July 12, 2024
- Rx Pack Campus.2427.6 - July 11, 2024
- Rx Pack Campus.2427.5 - July 2, 2024
- Rx Pack Campus.2427.4 - July 2, 2024
- Rx Pack Campus.2427.2 - July 1, 2024 - No release for Campus.2427.1

See the [Release Pack Campus.2427 - July 2024](#) article for a full list of cases included in the Campus.2427 release.

## Localization - North Carolina

[North Carolina - Transcript Print for Course Display Option \(SIS-180087\)](#)

This means that on the Transcript with this State Code and Course Name setting, the printed Transcript report displays the State Code, State Code Name, and Local Course Name when the Local Course Name differs from the State Code Name.
