Tool Search: Back on Track

The Back on Track tool allows districts to track data for the Michigan Kids Back on Track grant-funded program. According to MCL 388.1623g(13), Michigan Kids Back on Track aims to support programs designed to:

- Address unfinished learning.
- Get students to grade-level academic standards.
- Provide additional academic assistance to students who risk falling behind their peers.
- Help high school students prepare for postsecondary education.

These programs can be provided before, during, after school, or during the summer for grades pre-K to 12. Districts are encouraged to partner with community-based organizations in this work.

Back on Track Program Tool

Read - View Back on Track records.
Write - Edit existing Back on Track records.
Add - Add new Back on Track records.
Delete - Remove Back on Track records.

See the Tool Rights article for more information about Tool Rights and how they function.

Back on Track Program Information Editor

Add a Back on Track Record

1. Click the **New** button. The Program Information editor displays.
2. Enter the applicable information for the student.
3. Click the **Save** icon when finished.

- Records can overlap. The student may have multiple Back on Track records without an End Date.
- Use the [Federal/State Program Updater](#) to import existing Back on Track student records or update records for multiple students.
