The Back on Track tool allows districts to track data for the Michigan Kids Back on Track grant-funded program. According to MCL 388.1623g(13), Michigan Kids Back on Track aims to support programs designed to:

- Address unfinished learning.
- Get students to grade-level academic standards.
- Provide additional academic assistance to students who risk falling behind their peers.
- Help high school students prepare for postsecondary education.

These programs can be provided before, during, after, or during the summer for grades pre-K to 12. Districts are encouraged to partner with community-based organizations in this work.

Back on Track Program Tool
