Tool Search: Course Information

The Course Information tool contains course information attached to this calendar or school. New courses are created using the Add Course Wizard, but users can edit course details here. Fields that are specific to the state of Montana are defined below.

> See the core Course Information article for all non-state-specific fields, tool rights, and additional how-to steps for this tool.

General Course Information

The following is a list of fields available in the General Course Information section.

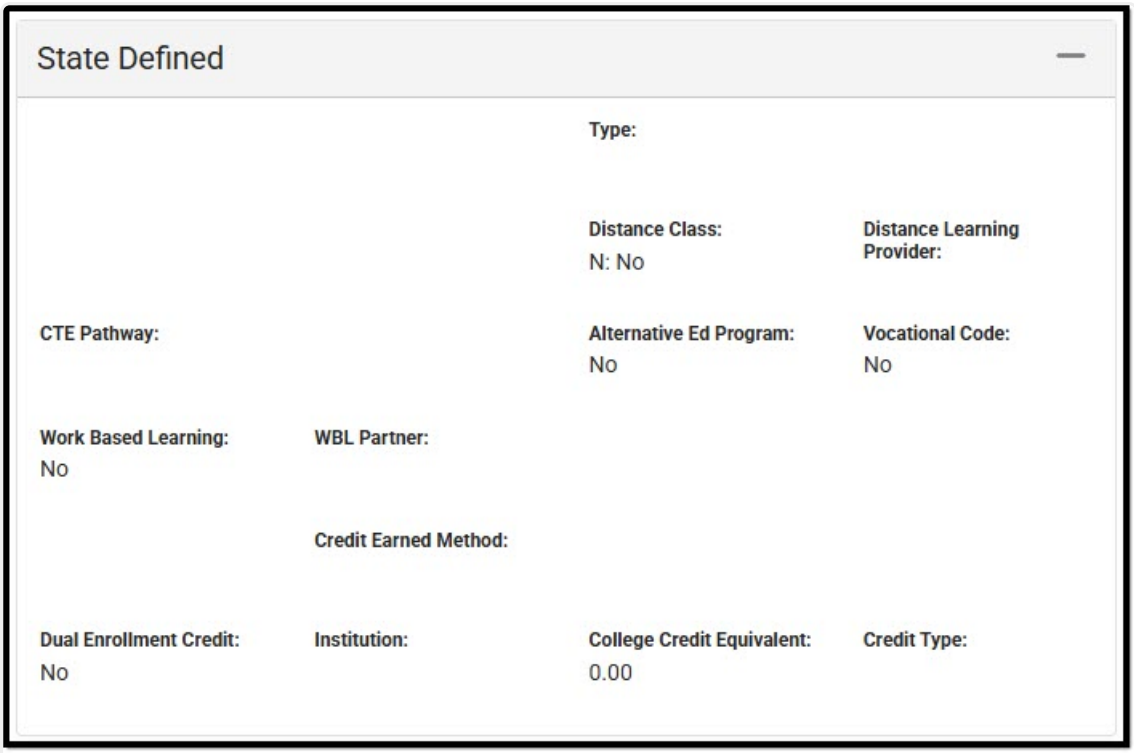

General Course Information

Field	Description	Additional Information
SCED Subject Area	The Secondary School Course Classification System: School Codes for the Exchange of Data (SCED) presents a taxonomy and course descriptions for secondary education. This is intended to help schools and education agencies maintain longitudinal information about students' coursework in an efficient, standardized format that facilitates the exchange of records as students transfer from one school to another or to post-secondary education.	When a value is selected in this dropdown, the SCED Course Identifier, SCED Highest Grade Level, SCED Lowest Grade Level, and SCED Course Level fields are required. **Database Location**: Course.scedSubjectArea **Ad hoc Inquiries**: Query Wizard > Course/Section > Course > Course Information > SCED Subject Area (courseInfo.SCEDSubject Area)
