The District Residency tool documents student residency not tied to their Enrollment. Overlapping records are not allowed.

Users can import or mass update District Residency records with the Federal/State Program Updater tool.

The District Residency list screen with one record displayed.

List Screen

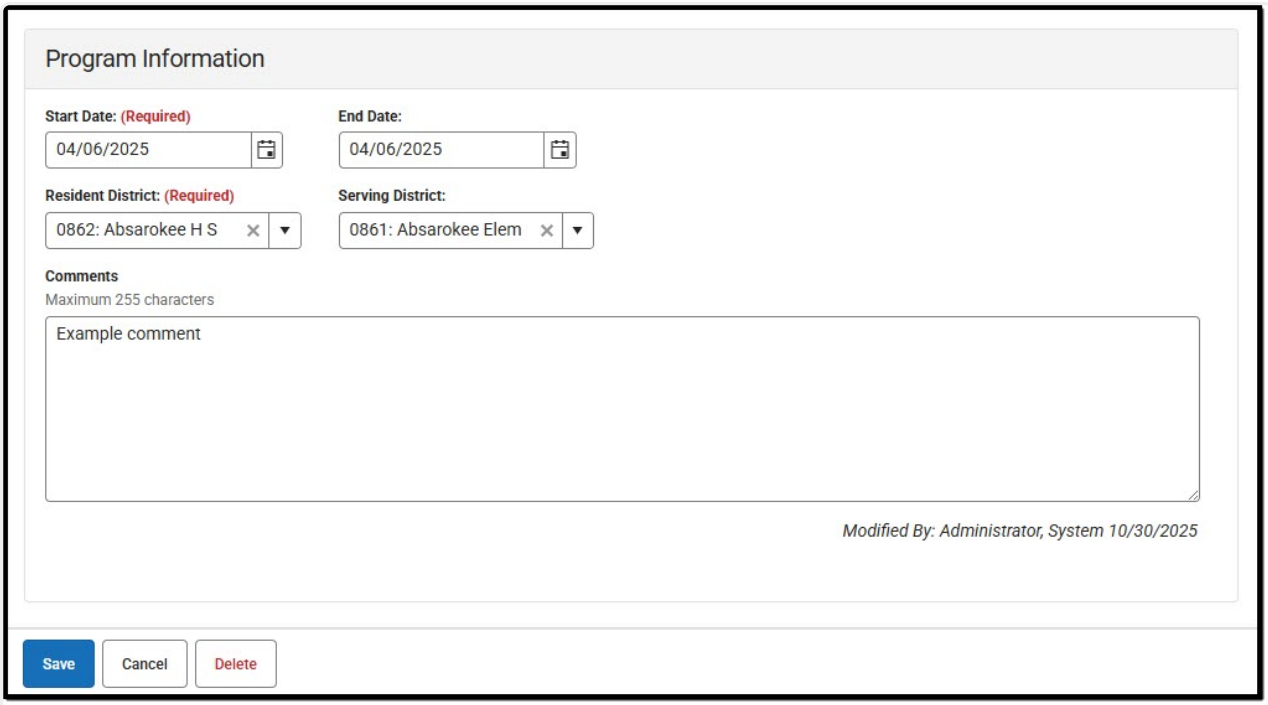

The list screen displays all student district residency records. Select a **School Year** from the dropdown to display only records from that year. Records are ordered by Start Date, with the most recent Start Date record at the top of the list. When records exist with the same Start Date, they are ordered by District Name.
