District Residency List Screen

List Screen

The list screen displays all student district residency records. Select a **School Year** from the dropdown to display only records from that year. Records are ordered by Start Date, with the most recent Start Date record at the top of the list. When records exist with the same Start Date, then they are ordered by District Name.

Column Name	Description
Start Date	The first day of the student's district residency.
End Date	The last day of the student's district residency.
Created By	The user who created the record.
Resident District	The district where the student lives.

Column Name	Description
Serving District	The district where the student receives services.

Detail View

Click the **View** button to open the detail view for an existing record, or click **New** to create a new one.
