Academic Planning

Planning Rule and Missing Academic Planning Progress (SIS-180626)

Courses using the Parent/Child Planning rule were not reflected on the student's Academic Planning Progress (https://kb.infinitecampus.com/help/progress-academic-planning) list of courses. This has been corrected.

Path: Student Information > Academic Planning > Progress

Activity Registration

Activity Transfers (SIS-176505) **[Enhancement]**

Added a Transfer feature to Activity Registration to allow students to transfer between activities, with options for adding or refunding charges. Activity staff can also transfer students to different purchase options within the same activity. Transferred students will be listed in the View Removed button of the original activity to maintain records for reference.

Path: Student Information > Activity Registration > Activity Dashboard

Activity Registration Maintenance (SIS-181049)

The following updates have been made to the Activity Registration tool:

- An error occurred when copying an activity. This has been corrected.

Path: Student Information > Activity Registration

Campus Learning

SameGoal - Special Education Flag (SIS-173487)

Previously, if a student had an existing Special Education flag and was assigned a new flag of the same name that was part of SameGoal configuration, the new flag did not link to SameGoal. This has been corrected.

Path: Student Information > Program Administration > Flags Setup

Signing In to Google Drive (SIS-178428) **[Enhancement]**

The process for authenticating a Google account has been updated to accommodate recent changes by Google. Integrating Google Drive files functions the same way, but the sign-in process has been simplified. Teachers and students are still prompted to log in to Google Drive when interacting with a file. Additionally, a "Change" button has been added to the teacher's Preferences and the student's Google sign-in screen to allow users to manage which account they're signed into.

Path: Instruction > Curriculum > Curriculum > open an Assignment > Attach a Google Drive File

Curriculum Import - Additional Question Types (SIS-180262) **[Enhancement]**

The Curriculum Import tool has been updated to accommodate additional question types.

Note: This tool is in a limited beta testing period and is not available in all districts.

Path: Instruction > Curriculum Planning > Curriculum Import

Campus Student & Parent

Linking Campus Parent and Campus Student Accounts (SIS-179885) **[Enhancement]**

An option has been added that allows parents and students who have accounts in multiple districts to link their accounts.

To link accounts, a parent or student logs into one of their accounts, opens the User menu, and clicks Manage Districts. They then generate a code, log in to the other account, open Manage Districts again and paste in the code copied from the first account.

When accounts are linked, the user can switch between accounts from the user menu without

having to log in each time, and push notifications are sent for all linked accounts.

Note: This option is currently only available in Delaware and North Carolina. Additional states will be rolled out over the coming months.

Path: Campus Student or Campus Parent > user menu > Manage Districts

Contact Information Search Priority (SIS-181484) **[Enhancement]**

Previously, if a district modified their district-defined help in the Campus Parent or Campus Student app to include their phone number, Google searches prioritized that phone number over the number of Infinite Campus in search results, causing an increase in calls to the district. This has been corrected.

Path: System Administration > User Security > User Preference Management > Login Page Preferences

Cross-Site Enrollment

Visit Is Cross-Site Enrollment Available in My State? article to see if Cross-Site Enrollment is available for your state.

Cross-Site Enrollment - School Connections (SIS-174522) **[Enhancement]**

A new tool called School Connections has been added to the Cross-Site Enrollment toolset for use with Intradistrict Cross-Site Enrollment Participation. This tool determines which schools can share/map courses with other schools. Only those schools marked as eligible for service are displayed in the Cross-Site Enrollment Setup tool.

Path: Scheduling & Courses > Cross-Site Enrollment > School Connections

Cross-Site Enrollment - Course, Roster and Enrollment Data Syncing (SIS-178156) **[Enhancement]**

All Cross-Site Enrollment data related to Courses, Course Sections, Rosters, and Enrollments now syncs with other district data. This daily synching process ensures that interdistrict Cross-Site Enrollment data is up-to-date.

Path: Cross-Site Enrollment

Cross-Site Enrollment - Home School View, Print Serving School Day Rotation and Period Schedule (SIS-179537) **[Enhancement]**

Home School users can now print the Calendar Report and the Period Schedules Report for the Serving School. These reports can be printed from the Cross-Site Enrollment Setup tool.

Path: Scheduling & Courses > Cross-Site Enrollment > Cross-Site Enrollment Setup

Cross-Site Enrollment - Non-Instructional Events Displayed for Home School (SIS-179573) **[Enhancement]**

For students enrolled in Cross-Site Courses, an indication that the Serving School does not meet on a certain day now displays on the student's Schedule when viewing from the Home School.

This can be viewed when looking at the student's schedule in the Day, Week, and Agenda views, available when using the Calendar option to view the student's schedule. That course for the day is highlighted, and when selected to view details in the side panel, additional text displays indicating the course doesn't meet for that day/period.

Path: Student Information > General > Schedule

Cross-Site Enrollment - Grading Fixes (SIS-181025) **[Enhancement]**

Various performance improvements and other small fixes have been made to syncing grades for Cross-Site courses.

Path: No specific path

Custom

SSRS Report ID Options (SIS-177175) **[Enhancement]**

Added the ability for dynamic SSRS reports to pull sectionID, courseID, and personID.

Path: System Settings > Custom Data and Links > SSRS Report Configuration

SSRS State Push Down (SIS-179933) **[Enhancement]**

Allow state edition users to publish their SSRS reports to district edition sites using DIS.

- Before working with Managed Services, Delaware and North Carolina districts should be aware of which connection object is referenced with the SSRS Report.

Path: System Settings > Custom Data and Links > SSRS Report Configuration

SSRS Report School and District Number (SIS-181021) **[Enhancement]**

Added the ability for dynamic SSRS reports to pull school numbers and district numbers.

Path: System Settings > Custom Data and Links > SSRS Report Configuration

Data Management Tools

Data Certification - Users Unable to Close Events in Event Dashboard (SIS-177956)

An issue was preventing State Edition users from being able to close data certification events within the Event Dashboard. This issue was corrected.

Path: Reporting > Data Certification > Event Dashboard

Data Import Wizard - Port Field Added for SFTP Protocol (SIS-181125)

A Port field has been added to the SFTP Protocol option in the Data Import Wizard. If left blank, the Port value defaults to 22.

Path: System Settings > Data Utilities > Data Import Wizard

Census Rules Data Validations Group (SIS-180013) **[Enhancement]**

Added the ability to run the Census Rules Data Validations Group on a selected school or year.

Path: Reporting > Data Validation > Data Validation Report

DIS/SIF

DIS – Updates Made to Resolve Duplicate Bad Records (SIS-180711) **[Enhancement]**

Updates were made to personID logic to help resolve and cleanup duplicate bad records within the state edition database.

Path: N/A

SIF Multithreading Update (SIS-180741)

Several SIF objects have been updated to prevent multithreading errors in the SIF 2.7 framework.

Path: System Settings > Data Interchange Administration

DIS PeriodSchedule Object Failing to Process (SIS-180764)

Syncing the DIS periodSchedule object to the state was causing the object to get stuck in a response state and never finish processing. This issue was corrected.

Path: N/A

DIS - Person Identity No StateID Only Object Update (SIS-180921)

The PersonIdentityNoStateIDOnly object was not syncing properly with State Edition. This issue has been corrected.

Path: N/A

Ed-Fi

Ed-Fi Performance Update (SIS-174169)

An Ed-Fi Grade Levels resource query has been updated to help improve Ed-Fi processing performance.

Path: Reporting > Ed-Fi

Ed-Fi - Resync Tool Bug Fix (SIS-181487)

A bug in the Ed-Fi Resync tool that was preventing some resources from resyncing has been fixed.

Path: Reporting > Ed-Fi > Resync

eTranscript

In Progress Logic Updated (SIS-176003)

Full-year courses currently in progress will be displayed in the "In Progress" section of the eTranscript XML when the 'In-Progress Courses' checkbox is marked on the Academic Record section of the eTranscript Report Setup tool.
