### KY Career Readiness Report

The Career Readiness report will report all students who have a Career Readiness record in the district tied to an approved Course State Code or Career Readiness records with work hours attached. The report will not honor exclusion on calendars, grade levels or enrollments, and will report students in their last active Primary (P), Partial (S), or Special Education (N) enrollment in the requested calendar(s) for the reporting year.

There will be 1 record per student per Career Readiness record. If a student has multiple qualifying Course State Codes on a single record, those will show in 1 text box (comma delimited).

The Validation report will show Warning errors for those students that have a Career Readiness Program record with WBL hours but no state course code. It will also show Warning errors for those students who have a Career Readiness Record with an approved State Course Code but no matching transcript record.

# Generating the KY Career Readiness Report

There are two versions of this report. From Extract Type users must select which option to run. The Career Readiness extract type report reports all students who have a Career Readiness record in the district tied to an approved Course State Code or Career Readiness records with work hours attached. The report will not honor exclusion on calendars, grade levels or enrollments, and will report students in their last active Primary (P), Partial (S), or Special Education (N) enrollment in the requested calendar(s) for the reporting year. There will be 1 record per student per Career Readiness record. If a student has multiple qualifying Course State Codes on a single record, those will show in 1 text box (comma delimited).

The Validation extract type report will show Warning errors for those students that have a Career

Readiness Program record with WBL hours but no state course code. It will also show Warning errors for those students who have a Career Readiness Record with an approved State Course Code but no matching transcript record.

## Career Readiness Extract Type

**Warnings:** a warning identifies a potentially problematic piece of data. Upon further examination, users may determine that the data is in fact set up correctly. Records which pull as a warning will appear in the Career Readiness Report.

## Warning 1: Career Readiness Program not linked with a Career Readiness Course State Code

Warning 1: Includes a list of students who have a Career Readiness record with WBL hours but no approved Course State Code (Course State Code is null).

**W01: The following students have Career Readiness program records not associated with a Career Readiness Course State Code.**

#	Requirement
<b>W1.R1</b>	Includes a list of students who have a Career Readiness record with WBL hours, but no Course State Code entered.
<b>W1.R2</b>	Course State Code is NULL in the Career Readiness Program Record.
<b>W1.R3</b>	The output will be sorted by District Name, School Name, Student Last Name, Student First Name.

## Warning 2: Career Readiness course does not have an associated transcript record

Warning 2: Includes a list of students who have a Career Readiness record associated with an approved Course State Code, but do not have a transcript record for the course. If some courses have a transcript record and some do not, only the records with no match will show on the validation report. Student will have 1 record with course name(s) and number(s) on 1 line comma delimited.

**W02: The following students have a Career Readiness program record associated with a WBL Course State Code that is not linked to a transcript record for the course. If a student has multiple records, only records with missing transcript records will show on the validation report.**

#	Requirement
<b>W2.R1</b>	Includes a list of students who have a Career Readiness record, with an approved Course State Code, but do not have a transcript record associated with the course. If they have hours but no Course State Code, do not report as they will be covered in W01.
