Tool Search: Enrollments

The Enrollments tool displays all student enrollment occurrences in the district. Because this is a historical view, this list could be long.

Enrollments are listed by grade level first, then by enrollment start date. To reorder the list of enrollments, click the blue hyperlinked headers in the Enrollments Editor list. Enrollment records can be sorted by Grade, Calendar, Start Date, or End Date.

See the core [Enrollments](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Enrollment records.
