For more information about Tool Rights and how they function, see the [Tool Rights](#) article.

Use the [Federal/State Program Updater](#) to import existing NMPREK student records or update records for multiple students.

## Enter/Modify NMPREK Records

- Overlapping records are not allowed.
- When a new record is added before an existing record has an end date, a warning message displays. Enter an End Date on the existing record before adding a new record.
- When a new record is added with a start date that is between the start and end dates of a historical record, a warning message displays. Verify the entered date on the new record is correct.
- Use **Print** to generate a PDF report summarizing the data entered for each selected student's Preschool Screening record. Note that Created By identifies the district in which the record was created.

## Enter NMPREK Records

1. Click **New**. A **Program Information** editor displays.
2. Enter the appropriate information for the fields in the editor.
3. Click the **Save** icon when finished. The new record is visible in the NMPREK Editor.

## Modify NMPREK Records

1. To modify a NMPREK record, select it from the editor and enter the new information (end date, new comments, etc.).
2. When a student is no longer considered in the program, edit the record and enter an **End Date**.
3. When a record was entered in error, click the **Delete** icon to remove it completely.
