Title 1 programs are considered either **Schoolwide** or **Targeted Assistance**.

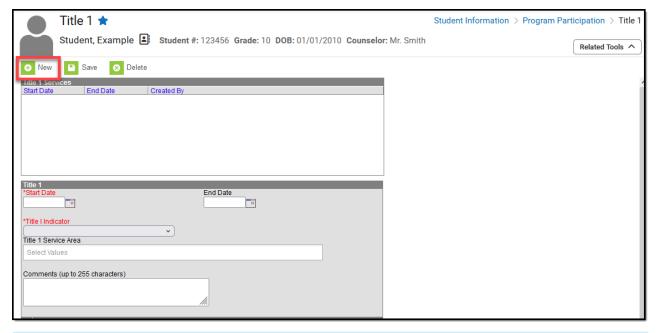

When a school offers schoolwide assistance, the School History record must be set in the Title 1 field on their <u>School History</u> to **Schoolwide Program**.

When the school is set to Schoolwide Program, individual Title 1 records are not needed unless the

student's Title 1 services differ from the schoolwide services.

Use the <u>Federal/State Program Updater</u> to import existing Title 1 student records or update records for multiple students.
