NC Graduation Data Verification

Last Modified on 07/30/2026 8:26 am CDT

Tool Search: NC Graduation Data Verification

The Graduation Data Verification Collection contains demographic, graduation, and post-graduate intentions information for high school graduates, providing school districts with an authoritative list of their graduates. This data is used for the annual North Carolina Public Schools Statistical Profile and the State Archives.

Generate the Data Validation Report for the Data Validation Group of **Graduation Data Verification** to review data prior to generating the report.

NC Graduation Data Verification Extract

Report Logic

For all report types:

- Students must be aged 16 or older.
- Only students who have an Enrollment End Status of **W4: Early Completer/Midyear Grad** or **W6: High School Graduate** are included on the report.
- The student's Diploma Date must fall between the dates of **08/07/XX**, where XX is the beginning year of the reporting enrollment, and **08/06/XX**, where XX is the end year of the reporting enrollment. For example, a 23-24 enrollment uses the dates 08/07/23 and 08/06/24.
- The student's most recent Primary Enrollment that has a Start Date that is before or equal to

the Diploma Date reports.
    - When a student is a summer graduate (has a summer enrollment and a graduation Diploma Date during the summer period) AND has an enrollment in the next calendar where No Show is marked, the student's record from their summer graduation continues to report, so long as the summer calendar is selected on the extract editor.

Students do not report when:

- The Enrollment is marked as No Show or State Exclude.
- The Calendar of Enrollment is marked as State Exclude.

Each report type included specific logic to generate, as noted in the Report Layouts section.

Graduate Classifications

The **Diploma Period** selection (entered on the Graduation record) determines the classification reported for the student (e.g., “XXth Grade Mid-Year,” “XXth Grade Regular,” “XXth Grade Summer”).

See the NCSIS Graduation article for additional information.

Classification	Requirements
Summer School Graduates	These students must meet the following requirements: • Have a Diploma Date**on or after August 7, XXXX**, and **before the first instructional day** of the school year (based on the school calendar). • Have a Diploma Period of **S: Summer**. • Have completed a Summer School Course recorded in the Transcript tool in Infinite Campus. • End the student's enrollment following the steps outlined for Summer Graduates. These students will display as XX Grade Summer (e.g., 12th Grade Summer).
Mid-Year/Early Graduates	These students must meet the following requirements: • Have a Diploma Date **on or after the first instructional day** of the school year and **before the last instructional day** of school (based on the school calendar). • Have a Diploma Period o**f M: Mid-Year**. • End the student's enrollment by following the steps outlined for Mid-Year Graduates. These students will display as XX Grade Mid-Year (e.g., 12th Grade Mid-Year).

Classification	Requirements
Regular Program Graduations	These students must meet the following requirements: • Have a Diploma Date **on or after the last instructional day** of school and **before or on August 6, XXXX**. • Have a Diploma Period of **R: Regular**. • End the student's enrollment by following the steps outlined for End of Year Graduates. These students will display as XX Grade Regular (e.g., 12th Grade Regular).

Report Editor

Data Element	Description
Setup	
Search Calendars	Use the search field to narrow the list of calendars to select. Use the Expand All/Collapse All option. Place a checkbox next to the desired school and calendars. As noted, all calendars are automatically selected because this is a school-wide report.
Show Active Year Only	Only those calendars for the school year are available for selection when set to ON. When set to OFF, all calendars from all school years are available for selection based on the user's tool rights.
Report Options	
Report Type	Determines which Graduation Data Verification report generates. Options: • Student Detail • Certificates by Course of Study • Diplomas by Course of Study • Certificates by Post Graduation Intention • Diplomas by Post Graduation Intention
Ad hoc Filter	Allows selection of a filter that was previously created. Only students included on the selected filter return on the report. This option is available with the Extract Types of PMR Detail, Students Not Included in PMR Summary, and GRS Detail.
Output Options	

Data Element	Description
Report Processing	This is a complex report and requires several minutes to create the data snapshot. Because of this, it always needs to be generated using the **Submit to Batch** option. The Batch Queue processing can be used for both the report generation and the report review, allowing results to be reviewed at a later time. The Snapshot being compared is taken at the same time as the PMR summary and only students who report on the PMR summary are used in the counts. Submitting to Batch is useful when generating the report for several calendars or for more significant amounts of reported data. See the Batch Queue article for more information.
Format Type	Determines in which format the report generates - CSV or HTML.

Generate the Report

1. Search for and select the desired **Calendars.**
2. Select the desired **Report Type** from the dropdown list. Only one can be selected.
3. Select an **Ad hoc Filter** to only report data for students included in the filter.
4. Select the desired **Report Processing** option of **Generate Now** or **Submit to Batch Queue**.
5. Select the desired **Format Type**.
6. Click **Generate**. The report displays in the selected format.

See the Report Layout section for report examples for each Report Type.

Report Layouts

Student Detail

This report lists students who are Summer Graduates, Early/Mid-Year Graduates, and Regular Program Graduates. It includes student demographic data, course of study, and what the student plans to do post-graduation (college, work, etc.).

GDV Collection Records:125

Student Detail Report - HTML Format

Data Element	Description	Location

Data Element	Description	Location
School Number	Reports the School Number assigned to the student's School of Enrollment. *Numeric, 6 digits*	School Information > State School Number School.number
School Name	Reports the name of the school in which the student is enrolled. *Alphanumeric, 30 characters*	School Information > School Detail > School Name School.name
Student ID	Reports the student's State ID. *Numeric, 9 digits*	Demographics > Person Identifiers > Student State ID Person.stateID
Last Name	Reports the student's Last Name. The Legal Last Name value reports when populated in the Protected Identity Information. *Alphanumeric, 30 characters*	Identities > Identity Information > Last Name Identities.lastName Identities > Person Information > Protects Identity Information > Legal Last Name Identity.legalLastName
First Name	Reports the student's First Name. The Legal First Name value reports when populated in the Protected Identity Information. *Alphanumeric, 30 characters*	Identities > Identity Information > First Name Identities.firstName Identities > Person Information > Protects Identity Information > Legal First Name Identity.legalFirstName

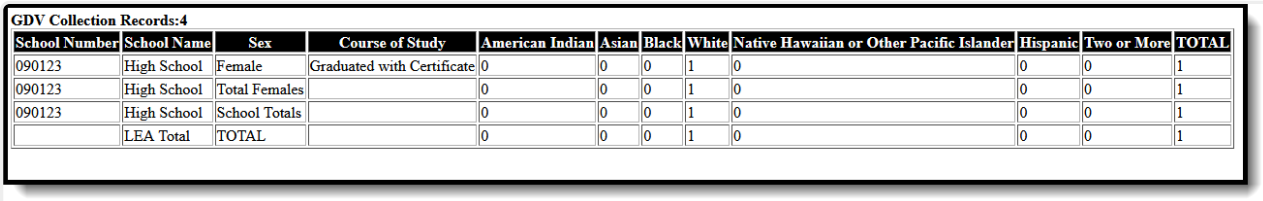

Data Element	Description	Location
Sex	Reports the student's designated sex. The Birth Sex value reports when populated in the Protected Identity Information. *Alphanumeric, 1 character (M or F)*	Identities > Identity Information > Sex Identities.gender Identities > Identity Information > Protected Identity Information > Birth Sex Identities.legalGender
Ethnicity	Reports the student's Race/Ethnicity. *Alphanumeric, 10 characters*	Demographics > Person Information > Race/Ethnicity Identity.raceEthnicity
Course of Study	Reports the student's Graduation Plan from the Diploma Type field assigned on the student's Graduation record. *Alphanumeric, 30 characters*	Graduation > Diploma Type Graduation.diplomaType
Graduation Program	Reports whether the student graduates with a Certificate or a Diploma based on the value assigned in the Diploma Type field. • When Diploma Type has a value of GWC: Graduated with Certificate, reports as 'Certificate'. • When Diploma Type has any other value assigned, reports as 'Diploma'. *Alphanumeric, 12 characters*	Graduation > Diploma Type Graduation.diplomaType
Diploma Issue Date	Reports the date the student's diploma was issued.	Graduation > Diploma Date Graduation.diplomaDate

Data Element	Description	Location
Classification	Indicates whether the student is a Summer, Mid-Year, or Regular Program graduate. See the Graduation Classifications section for additional information. *Alphanumeric, 20 characters*	Graduation > Diploma Period Graduation.diplomaPeriod Graduation > Diploma Date Graduation.diplomaDate
Bound For	Indicates what the student is doing after high school graduation - school, employment, military, etc. *Alphanumeric, 20 characters*	Graduation > Post Grad Plans Graduation.postGradPlans

Certificates by Course of Study

This report provides a count of students who graduated with a Certificate by sex (male, female) and Race/Ethnicity.

The Diploma Type on the student's Graduation record must be set to **GWC: Graduation with Certificate**.

GDV Collection Records:4

School Number	School Name	Sex	Course of Study	American Indian	Asian	Black	White	Native Hawaiian or Other Pacific Islander	Hispanic	Two or More	TOTAL
