Tool Search: NC Graduation Data Verification

The Graduate Data Verification Collection contains demographic information, graduation information, and post-graduate intentions of high school graduates, providing the school districts with an authoritative list of their graduates. This data is used for the annual North Carolina Public Schools Statistical Profile and the State Archives.

Report Logic

For all report types:

- Students must be enrolled in a Grade Level that is mapped to a State Grade Level of 10, 11, 12, or 13.
- The student's Diploma Date must fall between the Start and End dates entered on the Report Editor.
- The student's most recent Primary Enrollment reports.
 - When a student is a summer graduate (has a summer enrollment and a graduation Diploma Date during the summer period) AND has an enrollment in the next where No Show is marked, the student's record from their summer graduation continues to report, so long as the summer calendar is selected on the extract editor.

Students do not report when:

- The Enrollment is marked as No Show or State Exclude.
- The Calendar of Enrollment is marked as State Exclude.

Each report type included specific logic to generate, as noted in the [Report Layouts](#) section.

Graduate Classifications

There are three classifications of graduates:

Classification	Requirements
<p>Summer School Graduates</p>	<p>These students must meet the following requirements:</p> <ul style="list-style-type: none"> • Have a Diploma Date BETWEEN July 1 and the DAY BEFORE the first instructional day of the school year (based on the school calendar). • Be enrolled in a Grade Level greater than and/or equal to 12 or Grade = GR (99 in PS) a • Have taken a summer school course entered in PowerSchool historical grades with school name of LOCS. <p>These students display as 20xx Summer School Graduates (e.g., 2012 Summer School Graduate).</p>
<p>Mid-Year/Early Graduates</p>	<p>These students must have a Diploma Date beginning on the first instructional day of school and the DAY BEFORE the last instructional day of school (based on the school calendar).</p> <p>These students display as XX Grade Mid-Year Graduations (e.g., 12th grade Mid-Year Graduation).</p>

Classification	Requirements
Regular Program Graduations	<p>These students must have a Diploma Date ON or AFTER the last instructional day of school (according to the school calendar) and ON or BEFORE June 30, xxxx.</p> <p>These students display as XX Grade Regular Program Graduate, where XX represents their grade level.</p>
Other Possible Graduation Classifications	<ul style="list-style-type: none"> • 11th Grade Homeroom/Other Grade (for 10th or 11th grade students who have enough credits to graduate) • 12th Grade Extended Day • 13th Grade Mid-Year • 13th Grade Regular Program

Report Editor

Data Element	Description
Setup	
Search Calendars	<p>Use the search field to narrow the list of calendars to select. Use the Expand All/Collapse All option. Place a checkbox next to the desired school and calendars.</p> <p>As noted, all calendars are automatically selected because this is a school-wide report.</p>
Show Active Year Only	<p>Only those calendars for the school year are available for selection when set to ON.</p> <p>When set to OFF, all calendars from all school years are available for selection based on the user's tool rights.</p>
Report Options	
Report Type	<p>Determines which Graduation Data Verification report generates. Options:</p> <ul style="list-style-type: none"> • Student Detail • Certificates by Course of Study • Diplomas by Course of Study • Certificates by Post Graduation Intention • Diplomas by Post Graduation Intention

Data Element	Description
Start Date	<p>Indicates the start date of enrollment records to include, and is used with the End Date as a range to capture the appropriate diploma data to include in the report.</p> <p>This field displays the default value of 08/07/20XX, where 20xx is the Start Year of the Calendar selected in the toolbar.</p>
End Date	<p>Displays the current date and is used with the Start Date as a range to capture the appropriate diploma data to include in the report.</p>
Ad hoc Filter	<p>Allows selection of a filter that was previously created. Only students included on the selected filter return on the report.</p> <p>This option is available with the Extract Types of PMR Detail, Students Not Included in PMR Summary, and GRS Detail.</p>
Output Options	
Report Processing	<p>This is a complex report and requires several minutes to create the data snapshot. Because of this, it always needs to be generated using the Submit to Batch option.</p> <p>The Batch Queue processing can be used for both the report generation and the report review, allowing results to be reviewed at a later time.</p> <p>The Snapshot being compared is taken at the same time as the PMR summary and only students who report on the PMR summary are used in the counts. Submitting to Batch is useful when generating the report for several calendars or for more significant amounts of reported data. See the Batch Queue article for more information.</p>
Format Type	<p>Determines in which format the report generates - CSV or HTML.</p>

Generate the Report

1. Search for and select the desired **Calendars**.
2. Select the desired **Report Type** from the dropdown list. Only one can be selected.
3. Enter the appropriate **Start Date** and **End Date**.
4. Select an **Ad hoc Filter** to only report data for students included in the filter.
5. Select the desired **Report Processing** option of **Generate Now** or **Submit to Batch Queue**.
6. Select the desired **Format Type**.
7. Click **Generate**. The report displays in the selected format.

See the [Report Layout](#) section for report examples for each Report Type.
