[Rx Pack Campus.2439.5](#) | [Rx Pack Campus.2439.4](#) | [Rx Pack Campus.2439.3](#)

The following corrections are included in Rx Packs for September 2024. Rx Packs contain a small number of critical cases to fix urgent issues, with delivery in an immediate time frame (e.g., the fix cannot wait for the next four week Release Pack).

It is recommended that customers apply all subsequent Release Packs immediately following Rx Packs. Doing so will benefit both customers and Infinite Campus when it comes to supporting the patch.

Rx Packs are cumulative; each Rx pack will automatically include all previous Rx packs within that release. These cases will also be included in the Campus.2443 pack unless otherwise noted. Rx Packs may occasionally skip a release number for Rx builds that were not made generally available.

Below is a list of all Rx Packs for Campus.2439 and the date of availability:

- Rx Pack Campus.2439.5 - Wednesday, September 25, 2024
- Rx Pack Campus.2439.4 - Monday, September 23, 2024
- Rx Pack Campus.2439.3 - Monday, September 23, 2024 - No release for Campus.2439.1 or .2

See the [Release Pack Campus.2439 - September 2024](#) article for a full list of cases included in the Campus.2435 release.

North Carolina - Enrollment, UID Sync to State Edition (SIS-182264)

State Edition syncing from District Edition did not occur when creating a new person (student), enrolling that person into a school, and adding a State UID. This has been corrected.

Follow these steps when creating a new student:

1. Use the Student Locator to first search for an existing student.
2. After searching for a student and results are found, State Edition will already have a UID for that person. That UID will then be assigned to the person at District Edition when that record is selected.
3. After searching for a student and not finding appropriate results, click the *Create New Student* button. Demographics and enrollment information can be entered from the editor that displays.
4. When adding demographics and enrollment data in the Locator, and the student does not currently have a UID assigned to them, use the Assign NC Student ID button. The NCDPI Lookup screen displays, allowing the ability to search for a current UID or, if none, Register for a UID. Upon selection to Assign or Register, the State ID field shows as Pending Save.
5. Once the new record is saved, the enrollment and UID information is sent from District Edition to State Edition.
