Batch Program Assignment Wizard - Video

Last Modified on 10/21/2024 8:20 am CDT

The Batch Program Assignment Wizard allows you to add, delete, or modify student assignments for various types of programs. This video discusses how to use this tool with each available program type and how to use filters to choose which students are included. Some of the options you see may not be available in your district.

Video timeline:

0:00	Graduation Program (with explanation of filter options)
2:00	Academic Program
3:05	Academic Program (Automated)
4:12	Flag
4:55	Program
5:50	Program Session
