Report Population

Students report when:

- They are enrolled in the selected calendar on the Enrollment Date and have a current enrollment in the selected calendar. All enrollments end dated before the Enrollment Date are excluded.
- They are enrolled in the selected calendar on the Enrollment Date with a Service Type of P and are currently enrolled in the selected calendar. Students with an Enrollment Service Type of S or N count in the Total Enrollments and Students Not Counted data elements on the report layout.

Students are excluded when they are marked as No Show.

Logic

- Users receive an error when no school or calendar year is selected in the Campus toolbar before generating the report.
- Compliance data pulls in from the ImmComplianceStatus database table.
- The report can be run against a district's active year or prior years.
- The report generates in human-readable format (HTML).
