The Chronic Absenteeism tool assists districts in following Iowa's state legislation by identifying chronic absenteeism and/or student truancy in the selected Calendar/Year.

State Definitions

- A student is **Absent** if they are not physically on school grounds or are not participating in an expected and school-directed activity under the educational staff's direction, supervision, or instructional guidance at an approved off-grounds location for at least half the school day.
 - **Whole Day Absence** (minutes) and **Half Day Absence** (minutes) are defined on the Calendar. If BOTH fields are blank, 240 whole-day and 120 half-day are assumed.
