Instructions

SUN Bucks, Pennsylvania's Summer EBT program, is a new grocery benefits program that provides households with a one-time payment of \$120 for each eligible child to buy food while school is out. Benefits can be used at local participating retailers to purchase groceries. Many children will get these benefits automatically, but some households will need to apply.

Report Logic

One record reports per student enrolled in the calendar(s) selected. This includes all students enrolled at any point during the school year.

Data reports from the most recent primary enrollment when no active enrollment record exists for the student. When a student has multiple primary enrollments, the latest start date is used for reporting. When the start dates are the same, the highest EnrollmentID reports.

The student's primary household reports.

Students do not report when:

- The student and/or calendar is marked as State Exclude.
- The student is marked as No Show.

The report can be generated for the active year and any prior year.

Generate Report

1. Mark the checkbox next to each **School** and/or **Calendar** you want to include in the report. Marking a school year or school automatically marks all calendars within that expanded folder.
2. Enter a **Date Range** for the report by entering dates in MM/DD/YYYY format or by clicking the calendar icon and selecting the dates.
3. Optional: select an **Ad Hoc Filter** to narrow report results.
4. Select when to generate the report. Options are **Generate Now** or **Submit to Batch Queue**.
5. When Submit to Batch Queue is selected, enter additional **Queue Options**, including **High Priority**, and/or **Keep Until Delete**, and the **Queue Start Date and Time**.
6. Select the **CSV (State Format)** option when generating a report submitted to the state or the **HTML** option when auditing data.
7. Click **Generate**.
