

Course Planner Tool Rights

Last Modified on 01/31/2025 9:15 am CST

The **Course Planner** is used by Schedulers to set parameters that determine how courses are built and placed on the Scheduling Board, as well as specifying who can teach the course and the room or rooms in which a course section can meet.

To learn how to use this tool, see the [Course Planner](#) article.

Feedback 🗨

Scheduling & Courses > Scheduling > Course Planner

Users with access to [Scheduling Center](#) and **Course Planner** will be able to navigate to the Course Planner tool from the Scheduling Center.

Users with rights to do so can toggle back and forth between the **Scheduling Board** and the **Course Planner**, **Staff Planner**, and **Requests & Rosters** tools.

Scheduling & Courses > Scheduling > Scheduling Board
