

Manually Add Students

Last Modified on 02/19/2025 2:31 pm CST

This content also available as a video.

Students enrolled in the school associated with an activity can be manually added to an activity roster. This feature is useful if you would like to allow a student to participate but they do not match the criteria in the Ad hoc filter selected for the activity.

Students with past and future enrollments, in addition to current enrollments, can be manually added to an activity. When the **Add Individual Students** dropdown list is selected, Campus checks for enrollments 90 days in the past based on the **Registration Open Date** of the activity and enrollments 90 days in the future based on the **Activity End Date**.

▶ [Click here to expand...](#)

In this example, the activity's registration open date is 08/05/2022. Students with a past enrollment end date of 05/07/2022 (08/05/2022 minus 90 days) or later can be manually added to this activity.

The screenshot shows two panels. The left panel is the activity configuration form for 'Speed & Strength Camp'. The 'Registration Open Date' is set to 08/05/2022 and is highlighted with a red box. The 'Add Individual Students' panel on the right shows a list of students, with 'Alborough, Dallas (109301)' highlighted in a red box.

The screenshot shows the enrollment details for Alborough, Dallas. The 'Enrollment Editor' table shows a past enrollment with an end date of 06/08/2022, which is highlighted with a red box.

Grade	Type	Calendar	Start Date	End Date
12	P	21-22 Harrison High	09/07/2021	06/08/2022
11	P	20-21 Harrison High	07/01/2020	06/09/2021

Example Past Enrollment: Student Can be Added Manually

The activity's End Date is 08/12/2022. Students with a future enrollment date of 11/10/2022 (08/12/2022 plus 90 days) or earlier can be manually added to the activity. This example student's enrollment date is *after* 90 days, so his name does **NOT** appear on the Add Individual Students dropdown list.

The screenshot shows two parts of the interface. On the left is the 'Activity Information' form. The 'Activity Name' is 'Speed & Strength Camp' and the 'Status' is 'Registration Open'. The 'Type' is 'Activity'. The 'School(s)' is 'Harrison High'. The 'Activity Owners (Primary)' is 'Aarons, Samantha'. The 'Registration Open Date' is 7/11/2022 and the 'Registration Close Date' is 07/28/2022. The 'Activity Start Date' is 08/01/2022 and the 'Activity End Date' is 08/12/2022, which is highlighted with a red box. On the right is the 'Add Individual Students' dropdown menu. It has a search field with the text 'Type to search by name'. Below the search field, several student names are listed: 'Fitzgerald, Sher (1195287)', 'Flanders, Julice (1123)', 'Fleischmann, Christine (221900001)', 'Fleischmann, Katherine (221900002)', and 'Fleming, Anne (1127)'. The student 'Fleischmann, Brent' is not visible in this list.

The screenshot shows the 'Enrollments' page for a student named 'Fleischmann, Brent'. The page includes a navigation bar with 'Student Information > General > Enrollments' and a 'Related Tools' dropdown. Below the navigation bar are buttons for 'New', 'Print Enrollment History', 'Notice of Change in Enrollment', 'New Enrollment History', and 'Documents'. The main content area is the 'Enrollment Editor'. It shows a table with columns for 'Grade', 'Type', 'Calendar', 'Start Date', and 'End Date'. The 'Start Date' is 11/11/2022, which is highlighted with a red box. The 'End Date' is blank. Below the table, it says 'Start Status: CM1 Enrolled' and 'End Status:'.

Enrollment Outside Activity Dates Example

1. Click the **Roster** button on the activity.
2. Type the student's name in the **Add Individual Students** field and select the student when their name displays.

The screenshot shows the 'Add Individual Students' dropdown menu. The search field contains the text 'jack'. Below the search field, two student names are listed: 'Pieper, Jack (#126317)' and 'Schalk, Jackie (#129431)'. The dropdown menu is highlighted with a blue border.

3. Campus adds the student with the status of "Pending Save," and they appear at the top of the roster until saved.
4. Mark the **Required Forms Complete** checkboxes. *Optional*
5. Click the **Select Purchase Details** in Option Purchased to add a payment. *Optional*
6. Click **Save** to save your changes.

Manage Form Participants and Details

Activity Registration supports interactive custom forms. Interactive forms allow users to enter data directly into the PDF and electronically sign when registering for an activity. You can use the Activity Roster to review these forms and ensure everything is filled out correctly and/or signed.

When you manually add a student to the roster, all forms must be reviewed and if applicable sent for eSignature. Forms can then be filled out in the Campus Student and/or Campus Parent Portal in the Documents tool. District staff can also fill out forms (except for the eSignature) in the Activity Roster if necessary.

Request an eSignature

After you manually add a student to a roster and complete forms as necessary, you can request an eSignature from parent/guardians and students when the form requires an eSignature. Requesting eSignatures makes the form read-only; i.e., you cannot make additional changes.

1. Select the form that requires an eSignature.

Result

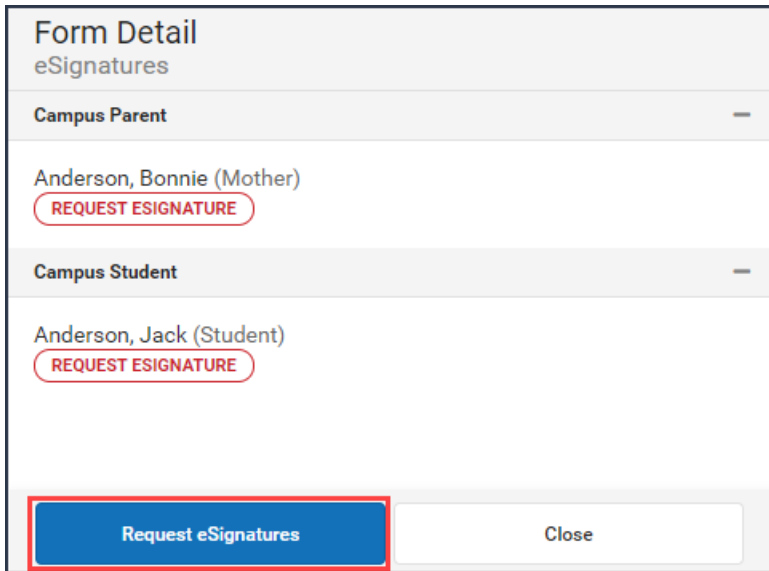

The Form displays.

2. Click **Review Participants**.

Result

The Form Details panel displays.

3. Click the **Request eSignatures** button.

Result

A confirmation message displays.

4. Click **Request eSignatures**.

Result

A confirmation message displays and the Form Detail panel closes. The eSignature statuses change to **Pending** on the Form Detail panel. Forms can then be filled out in the Campus Student and/or Campus Parent Portal in the Documents tool.

Reassign a Form for eSignature

This option allows you to reassign a custom form to a user who did not have an active Campus Student or Campus Parent account when the student was registered for an activity.

1. Select the form that requires a signature.

Result

The form displays in a side panel.

2. Click the **Reassign** button.

Result

An error message displays if the users does not have an active portal account. Otherwise, a confirmation message displays and the user can go to the Documents tool in the portal and complete the form.

Override an eSignature Request

District staff cannot sign for students/parents; however, the eSignature can be overridden. As a best practice, [create a new contact log](#) to document any communication that resulted in overriding the eSignature.

Club Transportation - Abegg, Dylan (171)

Throughout the year, students may have opportunity to off-site events. Transportation options vary by transportation status of specific events as they help us prepare for addressing transportation needs.

- Step 1: Complete the Student Information
- Step 2: Review the Transportation Request
- Step 3: Complete the Parent/Guardian Signature
- Step 4: Initial all Transportation Permits

Student Information	
Full Name	Dylan Victor
Grade	10
Teacher	

Parent/Guardian Signature	
Full Name	Donald Abegg
Date	11/12/2020

I give my student permission to ride with the school bus for transportation, under the supervision of administration.

Lock/Complete a Form

Required forms display the status **Action Required** until the form is locked. (Forms for manually added students do not display that status until the form is first opened.) A locked form indicates no additional changes can be made.

Locking and completing forms can be done manually or automatically.

If a form is interactive and it is marked as Required, then the **Complete** button appears. If the form is **NOT** interactive, but it is marked as Required, the **Lock** button appears. Both buttons perform the same function.

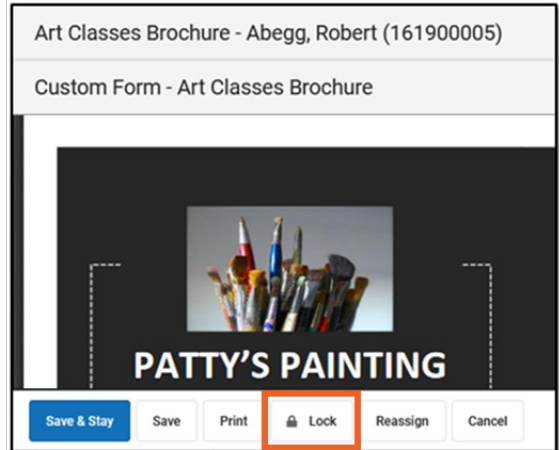

Manually Lock/Complete a Form

Manually locking and completing forms gives you the chance to review a form and ensure the necessary information has been supplied and/or it has been signed.

1. Select the form that you want to Lock. It will say **Action Required** next to the form.

Result

The form displays.

2. Click the **Complete** or **Lock** button.

Result

The Complete Form or Lock Form confirmation message displays.

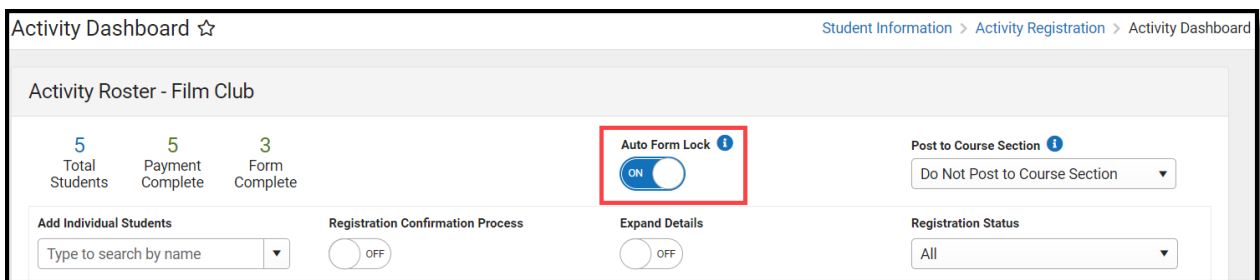

3. Click **Complete** or **Lock**.

Result

A confirmation message displays saying the form is locked and the form's status changes to *Complete*.

Automatically Lock/Complete a Form

Locking and completing forms is done automatically when you slide the **Auto Form Lock** toggle to **ON**. When a form has been completed and/or signed, the form is automatically locked and marked as Complete; the form does not require manual completion.

Creating a Form Using Quick Form Fill

The Quick Form Fill tool allows for custom forms in Activity Registrations to be populated with ad hoc data that is selected for the individual form fields. This tool will only appear when the data returned for the ad hoc provides multiple results and therefore needs input to decide which value to populate into the field. For example, a course name ad hoc populated into an Activity Registration form field will likely have multiple values returned. The Quick Form Fill tool will prompt for the correct course to populate on opening of the form. The Quick Form Fill tool is also available for parents/students to use in the School Store.

The screenshot shows the 'Activity Roster - Campus Science Fair' interface. At the top, there are summary statistics: 1 Total Student, 0 Payment Complete, and 0 Form Complete. Below this is a table with columns for Select, Student, Student Grade, Payment Complete, Required Forms Complete, Registration Confirmed, and Option Purchased. The student 'Test, Tyler (#231900001)' is listed with a grade of 10. Underneath the student name, there is a 'Required Forms' section with a link to 'Campus Science Fair Consent Form'. To the right of the table, there are controls for 'Add Individual Students', 'Registration Confirmation Process', 'Expand Details', and 'Registration Status'. At the bottom of the table, there are navigation buttons: 'Remove', '1' (selected), '25' (Students per page), and '1 - 1 of 1 Students'. On the right side of the interface, there is a sidebar titled 'Campus Science Fair Consent Form - Test, Tyler' with a 'Quick Form Fill' section containing instructions and a 'Course Section 1' dropdown menu.

1. Select the Expand Details (+) of the student whose form you wish to fill in.
2. Select a form from the Required Forms.
3. Select from the Quick Form Fill options available.
4. Preview the form using the Preview Form button. It will appear in a new tab.
5. Click Create Form.

Notes about the Quick Form Fill tool:

- Only the Roster version of Quick Form Fill tool will display contextual data (extra info to help the activity staff make the right selection).
- The first user to fill in the form in the Roster and/or Portal will get the Quick Form Fill tool.
- The Quick Form Fill tool does NOT function in the Documents tab or the Activity Registration viewing tool (it only works in the School Store and Activity Roster). If a form is clicked in either of these, it will populate non-ambiguous data and leave any ambiguous fields BLANK.

Add Roster Payments

Roster Payment Processing allows for cash, check, and credit card transactions to be taken for an Activity from within the Activity Registration roster screen.

1. Click the **Roster** button of the activity that will be updated.
2. Add **Individual Students** via that search bar.
3. Click **Select Purchase Details** under Option Purchased. The payment side panel will appear on screen.

[Student Information](#) > [Activity Registration](#) > [Activity Monitor](#)

Payment - Cressman, Lorie

Take payment for students manually added to the Activity Roster. After the payment is processed, a receipt will be provided to print and the activity will no longer display in the School Store for this individual.
