# Calendar Wizard Tool Rights

Last Modified on 01/31/2025 10:11 am CST

The **Calendar Wizard** is used by staff who are responsible for creating new school calendars, whether by using existing data to create school calendar and scheduling structures for the upcoming year, or by creating new blank calendars that will then need to be set up.

To learn how to use this tool, see the Calendar Wizard article.

Scheduling & Courses > Calendar Setup > Calendar Wizard

This tool is just used to create the calendars themselves. Other tools are used to perform functions such as entering term start and end dates.
