

Schedule Structure Setup Tool Rights

Last Modified on 01/31/2025 10:17 am CST

When a calendar is created, a Schedule Structure called *Main* is automatically created. **Schedule Structure Setup** allows staff to add schedule structures for the selected school if needed or add/modify the limited information entered here.

To learn how to use this tool, see the [Schedule Structure](#) article.

Scheduling & Courses > Calendar Setup > Schedule Structure Setup

Typically, schools only use the Main structure. Consult with Infinite Campus before creating additional Schedule Structures, as impacts to things such as State Reporting may need to be considered.

Available Tool Rights

R	W	A	D
View existing schedule structure information.	Edit existing schedule structure information.	Create a new schedule structure.	Remove schedule structure.
