Adjust Blended Learning Groups Tool Rights

Last Modified on 12/14/2025 8:45 pm CST

Staff use the **Adjust Blended Learning Groups** to manually assign students to learning groups. Blended Learning tools give districts flexibility in offering instruction in person, virtually, or in some combination of the two, while being able to still take attendance and manage classroom information.

Suggested User Groups

If your district uses Blended Learning, you may wish to create one or more separate Blended Learning user groups depending on the responsibilities of the staff members who will be using the tools. Depending on your situation, it may also be appropriate to add rights to these tools to the Schedulers User Group.

See User Groups and Suggested Roles for more information.
