

# Lunch Setup Tool Rights

Last Modified on 12/23/2025 12:52 pm CST

Schools use **Lunch Setup** to assign students to designated lunch periods.

See the [Lunch Setup](#) article to learn how to use this tool.

Lunch Editor		Detail Information	
Name	09 Grp A	Name	09 Grp B
Start Time	11:30 AM	End Time	12:00 PM

*Scheduling & Courses > Build Schedules > Lunch Setup*

## Related Tool Information:

Lunches are assigned to the [Course Section](#). When lunch minutes are noted on the [Calendar Periods](#), that time is subtracted from instructional time. For this purpose, schools may extend the period immediately before the lunch time or immediately after the lunch time instead of having a separate lunch period.
