

Team (Scheduling Group) Setup Tool Rights

Last Modified on 12/23/2025 12:46 pm CST

Schools, particularly middle schools, often schedule groups of students together in **Teams or Scheduling Groups**. This tool is only used to create or name the groups to which students will be assigned.

See the [Team \(Scheduling Group\) Setup](#) article to learn how to use this tool.

The screenshot shows the 'Team (Scheduling Group) Setup' tool. At the top, there are buttons for Save, Delete, and New. Below these are two sections: 'Scheduling Group' and 'Scheduling Group Detail'. The 'Scheduling Group' section contains a table with a single row for 'Blue'. The 'Scheduling Group Detail' section contains a form with a red box around the 'Name' field, which is set to 'Green'. The 'Name' field is marked with a red asterisk (*) indicating it is required.
