

# Section Template Information Tool Rights

Last Modified on 02/07/2025 3:28 pm CST

**Section Templates** are used by schools with complex schedules to define the meeting pattern of a section for schedule placement.

To learn how to use this tool, see the [Section Templates](#) article.

*Scheduling & Courses > Section Templates > Section Template Information*

## Related Tool Information:

- [Section Template Information](#): Create template groups and templates. Configure template placement.
- [Generate Section Templates](#): Create section template groups and templates. May be used instead of manual creation via Section Template Information.
- [Mass Set Section Template Groups](#): Assign template groups to one or more courses.

## Available Tool Rights

Subrights in *italics*. Selecting R/W/A/D at the **Section Templates** level populates the selection to the **subrights**. Select individual subrights if you do not wish to populate Section Templates level rights down to the subright level.
