Generate Section Templates Tool Rights

Last Modified on 12/23/2025 7:17 am CST

Section Templates are used by schools with complex schedules to define the meeting pattern of a section for schedule placement. This Wizard provides an alternative to the Section Template Information tool for creating template groups and templates.

See the Generate Section Templates article to learn more about this tool.

Scheduling & Courses > Section Templates > Generate Section Templates Wizard

Related Tool Information:

- Section Template Information: Create template groups and templates.Configure template placement.
- Generate Section Templates: Create section template groups and templates. May be used as an alternative to manual creation via Section Template Information.
- Mass Set Section Template Groups: Assign template groups to one or more courses.
