

Section Attendance Tool Rights

Last Modified on 02/24/2025 10:14 am CST

The **Section Attendance** tool can be used by staff other than teachers, such as Front Office Staff, to view, enter, or edit attendance records for a selected course section.

See the [Section Attendance](#) article to learn more about how this tool is used.

Scheduling & Courses > Courses > Section Attendance

Users need enough rights to search for course sections and view Section Attendance for a course section.

Consider local practices when granting access levels to this tool. Teachers can only take attendance for the current day, while staff with access to add or modify attendance with this tool can use the Change Date feature to navigate to other days and view, enter, or modify information.
