Last Modified on 12/14/2025 8:45 pm CST

Curriculum Planner corresponds to the Planner available to teachers in the Premium Campus Learning Instruction offering. Changes made by the curriculum director are reflected in the teacher view, and changes made by teachers are visible in Curriculum Planner.

The Curriculum Planner allows users to add curriculum (folders, assignments, quizzes, resources, etc.) to sections of a course at the course level. Curriculum directors can create curriculum and then add it to other sections.
