

Course Standards Tool Rights

Last Modified on 12/03/2025 2:54 pm CST

The **Standards Alignment Editor** lists the standards that the teacher needs to administer and/or grade for the selected course. To add standards to a course, they must be created first in the [Standards Bank](#). When standards are added to the Standards Bank, rubrics are assigned there. There is no need to modify the rubric on the course. If the rubric is incorrect, it should be modified in the Standards Bank..

See the [Course Standards](#) article for details on adding scheduling rules and planning rules to courses.
