## Tool Search: Accelerated Instruction

Texas law requires all students who do not achieve "Approaches" or higher on STAAR grades 3 through 8 or EOC assessments to be provided accelerated instruction. The Accelerated Instruction tool allows districts to track a student's participation in an Accelerated Instruction program as defined by the state of **Texas**.

Accelerated Instruction data reports in the [Student Education Organization Associations Ed-Fi Resource](#).

Accelerated Education Editor

**Read** - View Accelerated Instruction records.

**Write** - Edit existing Accelerated Instruction records.

**Add** - Add new Accelerated Instruction records.

**Delete** - Remove Accelerated Instruction records.

See the [Tool Rights](#) article for more information about Tool Rights and how they function.

The Accelerated Instruction Editor form consists of several sections. At the top, there are fields for 'Start Date' and 'End Date' with calendar icons. Below these is a large text area for 'Comments (up to 255 characters)'. The next section, 'State Defined Elements', contains dropdowns for 'Accelerated Instruction Subject', 'Accel. Instruction Participation', and 'Difference Reason'. It also includes fields for 'Assigned Hours' and 'Completed Hours', and a checkbox for 'Ratio Waiver List Product Used'.
