

Summary Tool Rights

Last Modified on 11/10/2025 2:05 pm CST

The student **Summary** tool lists basic student information to quickly examine student data. This read-only tool displays data entered in <u>Census</u> tools: <u>Identities</u> and <u>Demographics</u>, <u>Address</u> and <u>Households</u>. Functionality is the same in all locations, but review the <u>Tool Rights</u> section for additional information.

See the <u>Summary</u> article to learn more about how this tool is used.

Since this is a read-only tool that displays information entered elsewhere, any edits needed to this information requires tool rights to Demographics and Households.
