An external district is requesting the release of your district's records of a student. The request has come in through the Infinite Records Transfer tool. The student has been enrolled in the new district, so please help to prevent inaccuracy. Infinite Campus verifies that the requesting district is whom they say they are, and that the user making the request has been authorized to do so. You may accept or reject this request, but you are encouraged to call the requesting district to verify the information.
