

# Teacher Course Requests and Course Recommendations

Last Modified on 01/27/2026 1:37 pm CST

[Required Setup for Course Requests and Student Course Recommendations](#) | [Course Requests](#) | [Student Course Recommendations](#)

When the **Allow Teacher Requests/Recommendation** checkbox is marked on the Course editor, teachers (when assigned proper tool rights) can request a certain student take a course in the next year's calendar AND can recommend a student take a certain course in the next year's calendar. Two tools are available in Campus Instruction for this process.

- [Course Requests](#) - Course Requests record a teacher's permission for a student to take another course at the same school. Requesting a course adds that course to the student's list of Request Courses in the [Walk-In Scheduler](#). Scheduling rules need to be assigned to the course in the current school year (the course into which the student is currently scheduled) and to the course in the next school year (the course for which the teacher is making the request).
- [Student Course Recommendations](#) - A teacher can recommend which course a student could take next year. Only courses within the same Credit Type or Department as the current course the teacher is teaching can be selected (an English Teacher can only recommend other English courses assigned to the English Department or an English course assigned to the English/Language Arts Credit Type). The student must have a future enrollment as well as an Academic Plan. The recommended course is then viewable on the student's Course Plan.

Teachers can only select courses for active students in the selected section as long as the students have an enrollment record in the future calendar.

## Required Setup for Course Requests and Student Course Recommendations

### To Use Course Requests and/or Student Course Recommendations

- Assign tool rights to teachers for [Course Requests](#) and [Student Course Recommendations](#) in Instruction.
- Mark the **Allow Teacher Requests/Recommendation** checkbox on the Course
- Roll calendars forward, and roll enrollment forward

### To Use Course Requests

- Assign [Scheduling Rules](#) for the course

### To Use Student Course Recommendations

- Assign [Planning Rules](#) for the course
- Assign a [Department](#) to the course
- Assign an [Academic Plan](#) to the Student

# Course Requests

In the example below, the English course is marked to **Allow Teacher Requests/Recommendations** on the Course Information Scheduling editor.

Scheduling Rule	3300E US History Before 2750 AP U.S. History

Scheduling Rule Detail

A Scheduling Rule only applies when a student has requested both Courses within the same calendar and Scheduling Board is trying to place the student into a section.

Course 1 3300E US History \*Rule Before \*Course 2 2200 World History A

Students take Course 1 before taking Course 2.

Course Rules for US History

When the [teacher requests](#) a course for a student (Campus Instruction > Course Requests) with a

future enrollment record, the teacher can select World History from the Course Requests tool. Upon saving, the selected course is added to the student's Requested Courses list on the [Walk-In Scheduler](#).

The screenshot displays the Infinite Campus interface. At the top, a teacher's view for '5) 3300E-1 US History (Daily)' is shown. Below this, a 'Future Course Request' dropdown menu is visible, with '2200 World History A' selected. A red arrow points from this dropdown to the 'UNSCHEDULED' section of the 'Requests' panel on the right. This panel lists various courses, including 'World History A' (2200) which is marked as 'UNSCHEDULED' with a red 'X' and a count of 1. Other courses listed include Accounting II, Cloud Computing, AP Physics, AP Literature, English 12, and Spanish III A.

## Student Course Recommendations

In the example below, US History is marked to **Allow Teacher Requests/Recommendations** and is assigned a **Department** of Social Students. There is also a **Planning Rule** that states US History is a prerequisite of World History A, meaning the student must take US History before taking World History, which is also assigned a Department of Social Studies.

Planning Rule Detail

A Planning Rule defines relationships between courses across years, allowing students to effectively plan their school career and take courses that fit their needs. Planning rules are not used in the scheduling process.

\*Rule: Prerequisite

Prerequisite means that the student must have completed or planned to complete a course in an earlier year before planning the next course in the sequence. The course numbers entered in the Transcript/Course Number(s) field must be completed in the previous year before the student can take the selected course.
