Student Information > Health > Conditions

The Conditions available to select for a student are usually set up as part of a district's implementation. An Administrator or Health Administrator may be responsible for future maintenance of condition information in the [Condition Setup](#) tool.

This tool displays in both **Student Information > Health** and **Health Office > Student Health**.

Student Health Tool Rights Assignment: When tool rights are assigned to *Student Information > Health > Conditions*, the same tool rights are also assigned to *Health Office > Student Health > Conditions*.
