

Daily Health Log Tool Rights

Last Modified on 11/10/2025 3:34 pm CST

Health Office staff use the **Daily Health Log** tool to record the results of a health check performed on a student on any given day.

To learn how to use this tool, see the <u>Daily Health Log</u> article.

Daily Health Log information can be made viewable on the Campus Parent and Campus

This tool displays in both **Student Information > Health and Health Office > Student Health.**

Student portals by marking the Daily Health Log option in Portal Preferences.

Student Health Tool Rights Assignment: When tool rights are assigned to *Student Information > Health > Daily Health Log*, the same tool rights are also assigned to *Health Office > Student Health > Daily Health Log*.

Available Tool Rights

R	w	A	D
Access and view a student's existing health log records.	Modify existing health log records.	Add new health log records for a student	Delete a student's health log information.
