

Health Documents Tool Rights

Last Modified on 12/22/2025 1:28 pm CST

Health Office staff use the **Health Documents** tool to Upload health-related documents or add New Documents using Forms. For example, a school may have custom forms such as an Injury Report or Student Medication Form that can be added for individual students.

See the [Health Documents](#) article to learn more about this tool.

Student Information > Health > Health Documents

[Campus Digital Repository](#) must be enabled in order for documents to be uploaded in Campus. See the [Custom Forms](#) article to learn more about custom forms in Campus.

This tool displays in both **Student Information > Health** and **Health Office > Student Health**.

Student Health Tool Rights Assignment: When tool rights are assigned to *Student Information > Health > Health Documents*, the same tool rights are also assigned to *Health Office > Student Health > Health Documents*.
