Special Ed Goal Monitoring Tool Rights

Last Modified on 07/30/2026 9:32 am CDT

The Goal Monitoring tool documents the student's progress toward their special education goals and objectives. Once a goal/objective record is created, users can add individual entries to track the student's progress towards the goal/objective or document an intervention change

See the Special Ed Goal Monitoring article for information on using the Caseload tool.

Special Ed Goal Monitoring

Available Tool Rights

R	W	A	D
• Access and view the Special Ed Goal Monitoring tool. • Select goals and view details about the goal. • Preview the Goal Monitoring Report.	• Edit an existing goal. • Modify the Type of Data and Data Recorded as fields associated with the existing goal. • Add 'aims' to show progress towards the completion of a goal.	• Add new goals and objectives. • Add new aims, data entries, and intervention changes to achieve a goal.	• Delete assigned goals.
