Rx Pack - Campus.2515

Last Modified on 04/07/2025 4:12 pm CDT

The following corrections are included in Rx Packs for April 2025. Rx Packs contain a small number of critical cases to fix urgent issues, with delivery in an immediate time frame (e.g., the fix cannot wait for the next four-week Release Pack).

It is recommended that customers apply all subsequent Release Packs immediately following Rx Packs. Doing so will benefit both customers and Infinite Campus when it comes to supporting the patch.

Rx Packs are cumulative; each Rx pack will automatically include all previous Rx packs within that release. These cases will also be included in the Campus.2519 pack unless otherwise noted. Rx Packs may occasionally skip a release number for Rx builds that were not made generally available.

Below is a list of all Rx Packs for Campus.2511 and the date of availability:

- Rx Pack Campus.2515.2 - Monday, April 7, 2025 (no release for .1)

See the Release Pack Campus.2515 - April 2025 article for a full list of cases included in the Campus.2515 release.

Localization - North Carolina

North Carolina - Records Transfer Sending State Code (SIS-187380)

Records Transfers were not sending the State Code Name for transcript records. This has been corrected.

Records Transfers previously performed with a missing State Code Name have been remedied by a one-time script that populates the State Code Name on Transcript entries where it is expected to have populated.

The Transcript Import Wizard has also been updated to display the State Code Name. Previously, this field was not shown.
