The following corrections are included in Rx Packs for April and May 2025. Rx Packs contain a small number of critical cases to fix urgent issues, with delivery in an immediate time frame (e.g., the fix cannot wait for the next four-week Release Pack).

It is recommended that customers apply all subsequent Release Packs immediately following Rx Packs. Doing so will benefit both customers and Infinite Campus when it comes to supporting the patch.

Rx Packs are cumulative; each Rx pack will automatically include all previous Rx packs within that release. These cases will also be included in the Campus.2519 pack unless otherwise noted. Rx Packs may occasionally skip a release number for Rx builds that were not made generally available.

Below is a list of all Rx Packs for Campus.2515 and the date of availability:

Montana State Grade Level and Course Updates (SIS-187747)

The KG: Kindergarten state grade level was added. The previous KF: Kindergarten Full-Time and KH: Kindergarten Half-Time codes were deprecated. For the 2025-2026 school year, those students with a KH or KF local grade level mapping have been converted to the new KG: Kindergarten value.

On the District Assignment tool, the MT SPED Level values, "3 to 5 (Not KH/KF)" and "6 and up (KH/KF to grade 12)," were updated to "3 to 5 (Not Kindergarten)" and "6 and up (Kindergarten to grade 12)."

2025-2026 School Year Assessments associated with the old Test Grade Level values were also converted to the new Kindergarten value.

Several updates and fixes were implemented for the Course Information, Course Masters, and Transcript tools for Montana, including:

- The SCED Highest Grade Level and SCED Lowest Grade Level fields no pull from the correct Attribute Dictionaries (Course.scedHighestGrade and Course.scedLowestGrade). Both of these dictionaries were also updated.
- Data conversion was done for the 25-26 school year course records:
  - Courses with a SCED Highest Grade of KF or KH were converted to KG.
  - Courses with a SCED Lowest Grade of KF or KH were converted to KG.
- The SCED Highest Grade Level and SCED Lowest Grade Level fields are required, regardless of whether a NCES Code is entered.
