This version of OLR is compatible with Campus.2515 and later.

Enhancements

- The new Application Processing functionality is now available (CDP-3644):
  - This is being released in a disabled state. When your district is ready, you can turn it on via the **Enable New Application Processing** setting in [OLR System Settings](#).
    - This will give your district time to train your staff on the new processing without delaying any ongoing processing at the end of the school year.
    - For more information on the permanent transition to the new Application Processing, please visit the following page: [Updated 2025 Deprecation Timeline for](#)

the Legacy Staff Processing.
- Along with the new Application Processing, some OLR Tool Rights have been rearranged.
  - The Staff Processing tool right has been renamed to "Application Processing".
  - The OLR subright has now been renamed to "OLR Application".
  - A new subright called "Batch Processing" has been created.
  - The access granted by these three tool rights has changed. Please review the Online Registration Tool Rights article and your OLR tool rights to ensure that your staff retains access to any necessary functionality.
