Tool Search: Special Education Summary

The Special Education Summary tool allows users to view student Special Ed data without having tool rights access to their Plans/Evaluations. Users can enter some data for State Reporting purposes.

This tool consists of several sections: Summary Overview, State Reporting and Data Entry, and SPED Flags.

See the core [SPED State Reporting](#) article for information on necessary tool rights, SPED Flags functionality, and guidance on adding SPED State Reporting or Setting records.

[Plan Information Fields](#) | [Evaluation Information Fields](#)

The Summary Overview section provides a read-only view of Special Education data from the student's evaluation(s) and/or plan(s). Users can select which plan or evaluation to view a summary using the **Plan to View** or **Evaluation to View** dropdowns. Click the **Select** button to confirm the selection.

This section is read-only. The information displayed in the Plan and Evaluation Information section is pulled from the student's Plan and Evaluation.

## State Reporting and Data Entry

The State Reporting and Data Entry section allows users to enter reported Special Ed data not stored in a student's document.

Overlapping records are NOT allowed.

**State Editions:** States can request additional fields they want districts to have available for tracking. These could be fields for compliance tracking that are not necessarily reported.
