Rx Pack - Campus.2519

Last Modified on 05/05/2025 1:20 pm CDT

The following corrections are included in Rx Packs for May 2025. Rx Packs contain a small number of critical cases to fix urgent issues, with delivery in an immediate time frame (e.g., the fix cannot wait for the next four-week Release Pack).

It is recommended that customers apply all subsequent Release Packs immediately following Rx Packs. Doing so will benefit both customers and Infinite Campus when it comes to supporting the patch.

Rx Packs are cumulative; each Rx pack will automatically include all previous Rx packs within that release. These cases will also be included in the Campus.2523 pack unless otherwise noted. Rx Packs may occasionally skip a release number for Rx builds that were not made generally available.

Below is a list of all Rx Packs for Campus.2519 and the date of availability:

- Rx Pack Campus.2519.2 - Monday, May 5, 2025 (no release for .1)

See the Release Pack Campus.2519 - May 2025 article for a full list of cases included in the Campus.2519 release.

Curriculum List - Visual Improvements (SIS-187378)

Improvements have been made to the Curriculum List to make navigation options more clear, especially when accessing the List from the Teaching Center. The three numbers that display for curriculum items have been redesigned to display as buttons. Teachers can easily score an assignment from the Teaching Center by clicking the assignment icon to open the List and then clicking the Scored button to open the scoring screen. From there, click Close to return to the Curriculum List.
